50 CENTS PER MONTH

40,000 TEUTONS WIPED OUT BY FRENCH CANNON

ATTEMPT TO BOMB OHIO CAPITOL FOILED

Man Prowling About Treasury Department Surprised By Columbus Teamster

INFERNAL MACHINE IS DROPPED BY PLOTTER

Two Suspicious Looking Men Seen Lurking About the Building Late

DOUGLAS, Ariz., April 20.—Federal Cattle Inspector Evans was arrested today on a charge of having 6000 rounds of government ammunition in his possession. Department of justice and army officials are investigating a supposed plot to steal ammunition at local military camps for the purpose of disposing of it to Mexicans across the border. Other arrests beside that of Evans are expected shortly.

COLUMBUS, Ohio, April 20.—That an attempt was made to blow up the capitol building here yesterday morning leaked out today.

Major P. J. Berry, in charge of the Third Regiment troops here, early yesterday received a report from W. H. McCann, a Columbus teamster, that while passing the state house at 5:45 a. m. yesterday, he saw a suspicious looking man kneeling before a cellar window beneath the treasury department.

McCann said he walked toward the man, who had a slouch hat pulled down over his eyes. The man jumped up, McCann said, and grabbed a small black box and ran out of the state house yard.

Berry inspected the place and found a home made contrivance for setting off high explosives, which he now has in his possession.

State House Engineer McGuire reported to Berry that he had seen two suspicious looking men lurking late Wednesday in the vicinity in which the apparatus was found.

RUSSIA AND GERMANY SIGN SEPARATE PEACE PACT, IS RIO REPORT

BUENOS AIRES, April 20.—The Spanish legation at Rio de Janeiro today is reported to have received a message that Russia and Germany have signed for separate peace.

LONDON, April 20.—An intercepted Berlin wireless message today denies that German Socialists are seeking a German-Russian peace.

'AMERICAN DAY' HELD IN LONDON AS STARS AND STRIPES FLUTTER

LONDON, April 20.—With the Stars and Stripes fluttering from practically every building, "American Day" was celebrated today.

The day was observed with impressive ceremonies at St. Paul's. The ceremonies there were attended by the King and Queen, ministers and other notables. Prayers were said for President Wilson and the American congress.

The American flag flew over the houses of parliament.

SPIES SUSPECTED AS L. A. TELEGRAPH WIRES TO EAST ARE SEVERED

LOS ANGELES, April 20.—Department of Justice agents were thrown into a fever of activity as a result of the cutting today of several telegraph wires connecting this city with eastern points.

It is strongly believed that spies are tapping the wires with a view to learning government war plans.

A closer watch than ever will be kept over the several telegraph lines.

23,000 MEN READY TO HAVE T. R. LEAD THEM INTO BATTLE

NEW YORK, April 20.—If the war department will accept Col. Roosevelt's offer to lead a division to the European war front, here's what the Colonel can do:

Have a completely organized division of 23,000 men, including infantry, cavalry, artillery, engineers, machine gun detachments and aerial corps, ready for active service within four months.

In addition, he has 100,000 reserves waiting to be called for service.

Requisitions are ready for every item of military equipment for a division. These requisitions can be presented to the war department within two hours after the command is organized.

Most of the men who have volunteered for the Colonel's division have had previous military training.

MYSTERY CRAFT IN BAY STIRS BEACH FOLK

Flashing Searchlight, Silent Stranger Darts Into Harbor and Out Again

NEWPORT BEACH, April 20.—Considerable excitement was caused among the residents of this city last evening by the presence of a strange craft which entered the bay about 8:30 and after cruising about for a few minutes left immediately for the outside again.

The vessel ran dark, showing only intermittent flashes of a powerful searchlight. The motor was extraordinarily quiet and there being no one close to the strange craft, her size and character could not be determined.

From a distance it appeared the visitor had considerable speed and from the height of the tide at that time it would appear she was of very medium draft. That a stranger should run the bar and pass through the narrows at such a time is considered somewhat strange by the local people considering the hazards involved, but as to the character of the craft or her business, one guess perhaps is as good as another.

QUICK DECISION ON LIQUOR NEAR

BY ROBERT J. BENDER
(United Press Staff Correspondent)

WASHINGTON, April 20.—Whether "war prohibition" is to be an emergency measure of the present Congress will be determined shortly.

President Wilson and his cabinet today planned to take up recommendations of Secretary Houston for legislation covering the entire problem of food, its conservation and distribution.

It is expected that Houston's suggestions will be laid before Congress next week and simultaneously the government's intentions toward "war prohibition" may be divulged. The prohibition question, officials now realize fully, is too closely connected with the food problem to be considered alone.

The question is now directly up to President Wilson and his cabinet. Congress, anxious to get away, doesn't want to do anything it doesn't have to do, which might delay its departure.

It has therefore decided not to consider prohibition or anything at this session unless President Wilson specifically asks for it as war emergency legislation.

An abrupt rise in Washington temperature has entirely changed the disposition of some members of Congress, who, a few weeks ago, thought it should remain in session throughout the war, though there are still many who will fight adjournment to the end. However, according to all signs today, it's going to have to pass on the prohibition question before it goes. The Council of National Defense has been seriously considering the question as part of the food conservation problem for some time.

It is probable Congress will be asked to authorize the government to take any action deemed necessary in handling food, conservation and distribution during the crisis—and this would include power to shut off the supply of grain and other foodstuffs to distilleries and breweries.

SENATE LEADERS FIGHT TO RUSH CONSCRIPTION FOR WILSON

Consideration of Draft Will Go Ahead of All Other War Measures

WASHINGTON, April 20.—The department of agriculture today asked congressional authority virtually to give the government supervision of foodstuffs. The department asks authority to license and supervise all mills, canneries, breweries, slaughter houses, etc., including agricultural implement factories with authority to take over their operation in emergency. It also asks power to take control of foodstuffs and fix prices in emergencies. Secretary Houston today hinted at possible prohibition. The authority requested is the most sweeping in the nation's history.

WASHINGTON, April 20.—Alarmed lest consideration of the espionage bill block war legislation, Senate leaders today announced that consideration of President Wilson's army bill will go ahead of all other pending legislation.

The idea of a division to be raised by Colonel Roosevelt is still strong and it is believed to be the cause of much of the opposition to conscription as the latter plan would eliminate all chance of the Colonel raising the division. Both houses are strongly supporting the idea, as they believe it would be the means of giving the nation a big patriotic thrill.

The opponents of President Wilson's selective draft plan say that he fears political possibilities when "Teddy comes marching."

PARLEY TO BARE BRITONS' PLANS

BY CARL D. GROAT
(United Press Staff Correspondent)

WASHINGTON, April 20.—Great Britain intends to lay all her cards on the table when her commissioners meet with American government heads. She will present fully and frankly all problems. These will cover a wider scope than heretofore announced.

The general question of military and financial co-operation will be the foremost problem, but other subjects to be considered are:

Diplomatic questions such as ultimate peace terms; munitions; wheat supply; general transportation; blockade of Germany; communications; aviation and anti-submarine work.

Diplomatic Questions

On the first matter—diplomatic questions, this government anticipates that there will be little difficulty in clearing up such controversial matters as England's ship seizures and mail censoring as they affected American rights. With respect to ultimate peace terms, government heads are saying nothing further than the United States is not inclined to make any separate peace with Germany.

The work of munitions supply will be taken up thoroughly and some arrangement may be made whereby England will increase her own output, giving American firms an opportunity to supply American needs.

Wheat supply must be considered. In this connection, the British probably will give their experience with liquor in war times and their advice may have much to do with what this government determines with respect to closing distilleries and breweries which now eat up a vast grain supply.

Discussion of a blockade of Germany will be included in the broader topic of general navy co-operation.

This co-operation is already under way, the United States having taken over Atlantic patrol work, hitherto in allied hands.

Rush Anti-Diver Work

Anti-submarine work is being developed, both here and abroad. The big fleet of wooden ships is probably the key to the whole problem, as Germany cannot build submarines fast enough to keep up with them, and even if she sinks them, she destroys only a small cargo in each case. As America is planning for a big air fleet, too, she will be able to assist the allies ably in that vital field.

Plans for reception of the commissioners are going on rapidly. They will be met here by Secretary Lansing, Counselor Poik and other dignitaries and later by President Wilson's guests.

CASH PRIZES IN BIG VEGETABLE GROWING TEST ANNOUNCED

S. A. Boys and Girls Are Taking Great Interest In C. of C. Contest

750 square feet or over, \$10 first prize, \$7.50 second, \$5 third.
500 to 750 square feet, \$7.50 first, \$5 second, \$2.50 third.
250 to 500 square feet, \$5 first, \$3.50 second, \$2 third.

These are the prizes arranged by the Chamber of Commerce Committee which is to have charge of the vegetable growing contest on vacant lots. Boys will contest with boys, and girls with girls, and the prizes will be the same in each group.

The contest will be limited to boys and girls attending the grammar and high schools and will close on July 1. Prizes will be awarded only on gardens started after this date.

John Cubbon and S. H. Finley have consented to work on the committee, with Geo. W. Minter, appointed by the directors of the Chamber of Commerce to take the matter in charge and select his own committee.

The committee met yesterday afternoon and agreed on the prizes and conditions as outlined above.

Taking Great Interest

Inquiries for information received today by Secretary Metzgar of the Chamber of Commerce indicate that a great interest in the contest is being aroused among boys and girls of the schools.

It has been suggested that the committee endeavor to get a competent authority on the planting and cultivation of vegetables to give an address advising contestants on the best methods, and it is probable this suggestion will be acted on.

O. H. Marvatt, member of the city council, today said he believed the city council would be glad to co-operate with the movement in providing water for vacant lots where connections have been made.

"I believe the contest will be a splendid thing for the boys and girls in the way of an education along economic lines. Aside from this, however, the plan is worthy of encouragement from the fact that it should result in changing vacant lots from unsightly to pretty and productive spots. Speaking for myself, I will be very much pleased to support in the council a motion offering water free."

To Name Judges
Judges are to be named by the committee later. Their names will not be disclosed. Contestants may ask for an inspection by judges any time between the first of June and the first of July. Whether application shall be made to members of the committee or the secretary of the Chamber of Commerce has not yet been determined.

Many of the minor details of the contest have not yet been completed.

"The time is so short in which to get action," said Chairman Minter this morning, "that we will have to work fast, and the principal thing at this time is to get contestants and vacant lots. We do not expect to accomplish a great deal at this time, but we expect this to be the starter in arousing interest and educating the young people in the methods of growing vegetables. It probably will result in the inauguration of another campaign for this fall, when there will be more time in which to prepare for the growing of foodstuffs on a larger scale."

Owners of vacant lots who will donate their use to participants in the contest are requested to advise Secretary Metzgar at once.

TEUTON BRAZIL REVOLT GROWS

ALLEGED GERMAN PLAN TO RENDER FATS FROM DEAD HORRIFIES POPE

ROME, April 20.—Reports have reached here stating that Germany is planning to render fats and fertilizers from the bodies of dead soldiers.

Papers today stated that the Pope is horrified and indignant over the reports.

It is stated that papers in Belgium assert that the process of obtaining fats from dead bodies is already being used by the German government.

UNITED PRESS NEWS TO BE FLASHED EACH NIGHT TO U. S. TARS

WASHINGTON, April 20.—Under arrangements completed today the government, through the office of George Creel, the official censor, will nightly flash by wireless a brief United Press news report, with baseball scores, etc., to the American warships in the Atlantic.

HERBERT KENDALL, S. A. BOY, TO DRIVE FRENCH AMBULANCE

Herbert Kendall, son of Mr. and Mrs. C. S. Kendall of 311 Cypress avenue, has joined an ambulance corps that is going to France. Kendall, a graduate of the Santa Ana High School, is a student at the University of California, and with a number of other students of the university has enlisted for service at the front, driving ambulances in connection with the hospitals.

Kendall is expected home the end of next week for a brief visit, after which he will go east and take ship for France.

Among those now driving ambulances in France are Percy Richards of Santa Ana, Thomas Wotton of South Pasadena, a graduate of the Santa Ana High School, served six months in the ambulance corps. A son of E. A. Spaulding of Fairview Farms drove ambulances for several months while on vacation from Oxford.

OBJECTS BEHIND BEACH RECALL TO BE SIFTED

Mass Meeting to Be Held At Newport Tomorrow Evening By Voters

NEWPORT BEACH, April 20.—A mass meeting will be held at the city hall tomorrow evening to discuss the petition which is being circulated for the recall of the board of trustees of this city.

To the meeting every voter and taxpayer as well as every official of the city is invited and from present indications it would seem that the city hall would be well filled.

The purpose of the meeting, it is understood, is to go over the various arguments which are advanced for the recall of the city officials with a view of getting at the bottom of things and learning the truth about many things of vital interest to the people of Newport Beach.

The board of trustees have been accused of many things which it is alleged have not been for the welfare of the best interests of the city and it is intended at this mass meeting to cover these things in a very thorough manner no matter whom the issues may involve or where the investigation may end.

A large number of the business men of this city, while perhaps not entirely in harmony with the present board, deeply deplore the idea of a recall election particularly at this time of the year.

With the summer season rapidly approaching and the need for harmony greater than ever before, the idea of tearing the city into factions is not believed by many to be for the best business interests.

That the citizens may learn the truth of the various arguments and judge for themselves in an unprejudiced manner by the evidence presented at the meeting seems to justify its calling.

Whether it will result in bringing about harmony is of course a question which can only be answered when the last bit of smoke clears away.

77 SQUARE MILES OF LAND WRESTED FROM INVADERS IN 5 DAYS

Nivelle's Men Pound Forward to Depth of From Three-quarters to Four Miles Along Front of 40 Miles; Score of Villages Seized In Giant Offensive; Teuton Loss Staggering; Massed Germans Rushed to Front Fail to Stem Enemy Onslaughts.

BY HENRY WOOD
(United Press Staff Correspondent)

WITH THE FRENCH ARMIES IN THE FIELD, April 20.—Seventy-seven square miles of France had been reclaimed up to today from the invader by five days' continuous steady smashing by the French.

General Nivelle's men have now progressed over a front of nearly forty miles to a depth of from three-quarters of a mile to four full miles.

A score of villages and towns have been taken since Monday, when the great offensive started.

The German losses have been staggering. Two complete divisions (40,000 men) which made a counter attack on Juvincourt, were literally wiped out by the French artillery alone. Demoralization is spreading among the Germans—even among their officers.

Great masses of reinforcements hurriedly rushed to the line are unavailing in stopping the advance.

"The battle is progressing favorably" is the calm way in which the French military chiefs regard the offensive. "The results exceed the expectations."

French officers regard the advance between the Ostel and Courcamp as having reached the proportions of a great success. The utmost strategic importance is attached to the formidable positions captured there.

It is the battle of the snows that is raging over forty twisting miles today on the great French offensive front. French artillery fire turns the carpet of snow into oozy mud and red spattered patterns through which General Nivelle's men were advancing—always advancing today.

TRENCHES, DUGOUTS FILLED WITH TEUTON DEAD
I succeeded in following the French advance in this battle of the snows on one nameless hill southwest of Moronvilliers. Trenches, dugouts, shelters everywhere were filled with German dead. Dazed Germans were being hauled from dugouts where they had hidden, burrowed deep in the piles of their own dead. Further back where French troops were cleaning the horrors off the ground taken by the first forward movement, I had seen dazed, starving Germans staggering out of dugouts choked with their dead comrades thirty-six hours after those dugouts had been taken by the French.

Beyond the nameless hill the new French and German lines were visible. Between them was an abandoned German battery, stark and bare, on the snow. As I watched I saw one of those marvelous bits of French strategy executed.

The French established lines to the rear from this abandoned battery. They were plainly put there to entice the enemy to seek a recapture of the abandoned guns. The ruse was successful. As I watched the Germans dashed out. Their horses were hurriedly hitched to the abandoned guns. Then the French machine guns suddenly spat death. Horses—men—all except thirty Germans were wiped out in a twinkling.

DECLARES MORALE OF FRENCH TROOPS ASTOUNDING
The morale of the French troops is astounding. At 4 o'clock Wednesday evening, I found the same troops which I had seen capture the positions they were then in on Tuesday morning, preparing for a fresh advance. The dash was to start at 5 o'clock and the French troops were jokingly dubbing that their "5 o'clock tea."

It is typical of all operations along the great French front that General Nivelle is not seeking to pierce the German line at a given point. Instead he proposes an advance along the entire front by steady stages. It is not like the warfare of the previous Somme campaign. How well it is working out is evidenced by the fact that the French have advanced more now, in this new style of attack, than at any time since the battle of the Marne.

From another nameless hill today I saw across the Champagne plains an endless mass of German trenches. It represented three years' work of millions of men. Countless tons of barbed wire; numberless carloads of steel plates, miles of concrete fortifications marked it. There were thousands of bombproofs. Many were fitted with electrical plants equipped with the most costly and most modern conveniences.

These the French captured intact. The ardor of the advance, the irresistible sweep following the battering down of the preliminary work by the terrific hail of French artillery, drove the Germans out. Most of these positions were taken Tuesday.

FRENCH POUND FORWARD OVER SNOW CLAD GROUND

Then the fighting centered in the Rheims-St. Souplet sector. The French advance was executed over snow clad ground, which courageously aided them. The Germans occupied a great crest of hills so strongly fortified that in the plain below the French had heretofore not been able to advance since the battle of the Marne. But the French shell bombardment was so destructive that in fifteen minutes after leaping out of their trenches the French infantry had occupied the German positions on a front of more than two-thirds of a mile, advancing more than a mile and a third in an hour.

Despite this terrific artillery fire the positions were so dotted with machine guns that there was brisk fighting. The French settled down during the night. At dawn, just as a brilliant sun crept over the horizon glistening on the snow, the French dashed forward. The Germans, blinded by the glare of the sun, dazed with the cold were unable to use their machine guns before the French were upon them.

A Russian brigade, which took the oath of allegiance to the new provisional government shortly before going into action, distinguished itself in one attack of the offensive today.

TERAUCHI MINISTRY FATE IN BALANCE AS JAPAN GOES TO POLLS

TOKIO, April 20.—The fight in Japan for constitutional government will go to a vote today. The fate of the Count Terauchi ministry hangs in the balance.

Terauchi dissolved the House in January when it was about to vote lack of confidence in his son's non-partisan cabinet. His opponents claiming the constitutional right to unseat a ministry which is unsatisfactory, may yet be blocked by a decree of the Emperor, should they rally a majority of the million voters of Japan in today's election. He has threatened to dissolve the Diet again if necessary.

FRENCH SEIZE MORE LAND FROM INVADERS

PARIS, April 20.—Undiminished in its force, General Nivelle's great offensive today reclaimed more land from France from the invader in fierce fighting at several sections of the forty-mile front.

"In the regions of Laffaux and the plateau of Vauchère, the French further progressed," the war office statement declared. "In the Champagne violent counter attacks were repulsed with heavy enemy losses. East of the Loire several lines of German trenches were captured."

OPEN NEW GARAGE

ANAHEIM, April 20.—Billy Fife and R. B. Ingram, formerly of the Ford Garage, are opening a garage at 203 South Olive street. The place is being thoroughly remodeled and a first-class shop will be conducted.

SOON BE READY START CLASSES OF RED CROSS

Money Is Appropriated For
the Work of the Garments
and Bandages Section

Local Committee Will Go to
Los Angeles For In-
formation

At a meeting of the executive committee of the Santa Ana branch of the Red Cross Society yesterday afternoon, reports were received showing that many women are anxious for the starting of the sections in which actual sewing for the Red Cross can be done. In order to provide funds for the section, \$50 was appropriated to the use of the class, to be added to as needed. With this money supplies for the work of the section will be purchased.

Mrs. A. J. Crookshank and Mrs. J. R. Porter as leaders of the section were given full authority to organize the sections. Mrs. Crookshank stated that a call for a meeting would be issued immediately after supplies are received. It was not thought advisable to hold a meeting until the leaders had something definite in hand for the women to do.

Are to Investigate
On account of the tremendous demand from all over the country, the local branch has not yet received

His Back Hurt When He Stopped

"Just the one box of Foley Kidney Pills relieved my backache." J. W. Ellis, Esq., Ga.
"Last year I was suffering with a terrible backache," writes J. W. Ellis of Kirtis, Ga. "Every time I'd lean or stoop over or to one side, I'd have a painful catch in my back just over my kidneys. I tried medicines with no good results. I bought a bottle of Foley Kidney Pills, and just the one box entirely relieved my backache. It has been some time since I took them, so I think I am well."
Weakened, overworked, stopped-up kidneys cause stiff joints, sore muscles, rheumatism, sleep disturbing bladder ailments, biliousness and various other ills. Foley Kidney Pills are a scientific medicine, compounded to clear the kidneys and restore them to healthy action by dissolving and driving out of the system the waste products and poisons that cause kidney trouble and bladder ailments. You will like their tonic and restorative action, ready effect and quick, good results.

Rowley Drug Co.

GERRARD BROS. TRIANGLE MARKET & CASH GROCERY

Prices are so uncertain will not quote any this time, but we invite every one in to view our stock and hear for the time being the prices which we are sure will be, is ever, lower than the lowest. This is the one place where you can come and inspect the goods without feeling under any obligation to buy.

Trout Season Opens May 1st

Information regarding where to fish and how to get there on application.

Trout Tackle of All Kinds
Anglers' Licenses issued.

Victor Walker
105 West Fourth St.

from headquarters in Washington, D. C., the pamphlets of instructions by which classes are organized and conducted. In order to secure necessary information so that the work can be carried rapidly ahead, Mrs. A. J. Crookshank, Mrs. C. A. Gustlin, Mrs. S. H. Finley and Dr. Peryl Magill were appointed as a committee to go to Los Angeles headquarters. Early action may be expected upon their return.

Given Authority
The secretary, Dr. John Wehrly, was given full authority to organize whatever first aid classes he may find expedient. The organization of those classes was left entirely in his hands as a representative of the executive committee.

The secretary reported that at the present time there are 432 members of the Red Cross branch here. The aim to make the membership 1000 will be further advanced by a house-to-house canvass soon. It was reported that success was meeting the enlistment through the Ebell and the P-T Association.

Canadians Join
H. L. Hanson stated that twenty members of the Canadian Red Cross had joined the local Red Cross. He stated that the local Japanese are gathering in a membership to be presented to the local branch as an aggregate membership contribution.

The executive committee set the regular monthly meetings for 4 o'clock on the afternoon of the first Tuesday after the first Monday of each month.

CANTON LADIES' CLUB HAS FIRST AID LECTURE

Last night at the parlors of Odd Fellows' hall an interesting first-aid lecture was given under the auspices of the Canton Ladies' Club, of which Mrs. A. E. Bird is president. The lecture was given by Mrs. J. M. Burlew, a graduate nurse. About fifty men and women were in attendance.

Probably this class will develop into a Red Cross first-aid class within a short time. It would have been organized as such a class last night had the local branch received the necessary blanks from headquarters.

The next lecture and demonstration will be given at 7:30 o'clock next Monday evening at the Odd Fellows' parlors.

LAGUNA BEACH HAS AN AUXILIARY BRANCH

Last night an enthusiastic auxiliary of the Santa Ana branch of the Red Cross was organized at Laguna Beach, and memberships may now be received at Isch's store at the beach.

Last night Walter Edin, president of the Santa Ana branch, outlined some of the plans for work in Santa Ana. Rev. T. F. McIver, who spoke at a public meeting at Santa Ana recently, told of the work of the Red Cross in China during the famine in which the Red Cross saved the lives of 1,000,000.

Miss Bess Munn of Los Angeles gave a talk that was intensely interesting because it dealt with the practical work of the Red Cross.

STORY OF BLIND MAN HIS SUBJECT

The largest congregation of the church greeted Evangelist Fred H. Ross at the First Methodist church last evening, the young people of the church having been the leadership. Tonight the Sunday school teachers and officers will be responsible for the filling of the church.

Rev. Ross told the story of the man, Bartimeus, from the tenth chapter of Mark's gospel, who was blind from his birth and was a beggar upon the streets of Jericho. When he heard the stories of the wonderful miracles that Jesus was performing he longed for Him to come that way so that he might receive his sight. For months he asked of everybody whether they had seen the Galilean and finally was rewarded.

His cry for mercy was heard by Jesus when He was yet a long way off and He asked of the poor beggar what he wished. The answer was "Lord, that I may see." And he received his sight and went with Jesus. Many today are poor and spiritually blind. God does not measure things as we do; He does not consider automobiles and acres, but the riches stored up in heaven. People may have much of the world's goods but be very poor in spiritual wealth.

In conclusion the evangelist impressed upon his hearers that "Jesus of Nazareth is passing by" that the time is short but many people think that they have an eternity of time, but it is a mistake. People must go when God calls and not wait for a death-bed repentance.

C. H. Fowler and Prof. F. P. Haynes beautifully sang "So May You," and a solo entitled "Jesus is Calling," was sweetly rendered by Mr. Fowler.

Noon Services

On Wednesday at 12:30 o'clock Dr. H. W. Peck, pastor of the church, and C. H. Fowler went to the Hewes ranch at El Modena, where they were given permission by Dr. Eymann Huff, the manager, to address about fifty men employed on the ranch. Dr. Peck spoke interestingly to the men and Mr. Fowler sang for them. The service was greatly enjoyed. Yesterday noon the service was repeated at the Irvine ranch, about a dozen men expressing a desire to become Christians.

The noonday services will be continued, one of the laundries probably being selected for one day.

SPRAINS AND STRAINS RELIEVED
Sloan's Liniment quickly takes the pain out of sprains, strains, bruises and all muscle soreness. A clean, clear liquid easily applied, it quickly penetrates without rubbing. Sloan's Liniment does not stain the skin or clog the pores like musky plasters or ointments. For chronic rheumatic aches and pains, neuralgia, gout and lumbago have this well-known remedy handy. For the pains of grippe and following strenuous work, it gives quick relief. At all druggists, 25c.

F. M. CHAPLINE DEAD
ORANGE, Apr. 20.—F. M. Chapline, of Los Angeles, father of Dr. F. L. Chapline, of this city, passed away at the Good Samaritan Hospital, where he had been in a critical condition for the last few days.
Dr. and Mrs. Chapline had been called to his bedside. The funeral was to be held this afternoon in Los Angeles.

CLOSE TO 600 TICKETS SOLD TODAY

Santa Ana Chautauqua Is Already An Assured Success Financially

Financially, the Santa Ana Chautauqua for 1917 is an assured success right now, for Col. S. H. Finley, chairman of the ticket-selling committee, has sold 483 adult tickets and over 100 student tickets. That means somewhere around \$1600 in receipts. The guarantors will have to take in something over \$2700 in order to meet all expenses.

Tonight Col. Finley will be at the Garden Grove drug store at 7:30, so that residents of that section can buy seats for the course.

Seven Days of It
For season ticket purchases, the Chautauqua which comes to Santa Ana on April 26, 27, 28, 29, 30, May 1 and 2, offers what might well be termed a bargain in high class entertainment, famous lectures and popular and classical music. The admission price to each program will be practically the price of a "movie" ticket to those who take advantage of the season ticket.

Seven days' programs are given, one program in the afternoon and one in the evening. Each morning the children have their games and supervised play and prepare for the Children's Circus, which is given the last day. Approximately 100 people are engaged in giving the programs, there being eighteen different lecturers, companies and groups of entertainers.

William Jennings Bryan is, of course, the most noted lecturer on the program. Many people consider his lecture alone worth the price of the season ticket. Regardless of whether or not people agree with his policies he is always heard by record-breaking crowds. He could be secured to speak in only a few cities and this city is fortunate enough to be one of them.

Other Lecturers include Governor Malcolm R. Patterson of Tennessee, an orator who upholds all the best traditions of the south and who comes with a message and plea for better lives and higher ideals. Robert P. Carson is one of the younger lecturers, who is making a name for himself in Denver. His struggles in life and his success serve as a wonderful inspiration to the young man. He is a very fluent and convincing speaker.

Brooks Fletcher gives epigrams which burn into one's memory. His pictures are more vivid than any cartoonist can draw with a crayon. His utterance is full of flash and fire. With a voice sympathetic and powerful, he speaks with the compelling mastery of a leader.

Lou Beauchamp brings to Chautauqua a lecture replete with new, witty stories. Along with his humor, however, are lessons given in an unusual but nevertheless effective manner. He is known as "The Humorous Philosopher" and has delivered his lecture, "Take the Sunny Side," over 5000 times.

William Rainey Bennett is one of the most impressive and striking lecturers on the platform. Of pleasing personality and with a vigorous vocabulary, he holds his hearers from his first minute and gives them thoughts that mean better citizens and greater cities.

Jess Pugh is a humorous entertainer, an interpretative reader, a character delineator and a baritone soloist. His program is one of the "Joy Night" programs and you will agree that there are few men with the ability to entertain so charmingly and so delightfully as Jess Pugh.

On the First Day
The first day's program includes the concert by the Althea Players. This will be one of the real sensations of the Chautauqua. Six more talented, charming, versatile and musical girls never appeared in one company. They all play the violin and one will be delighted and surprised to hear what great music she can be furnished by this violin sextette. The program is one continuous round of pleasure and surprises, with six charming girls vying with one another in an effort to give the most artistic and delightful program ever given from the Chautauqua platform.

The Metropolitan Men Singers comprise the finest male quartet on the Chautauqua platform today. The men are large in stature and strong in musical ability. There is lots of fun, happiness and humor in their program. Ada Roach is "The Sunshine Girl" and brings one of the most delightful and humorous programs of the week. She is simply wonderful in her dialect readings, her impersonations and her songs.

The Hawaiians, with W. S. Ellis, give one of the popular numbers of the program, which will be both interesting and instructive, as Mr. Ellis tells stories of the Hawaiians. They have unique instruments, fine voices and a program that is distinctly different.

Keller-Wille
Harrison Keller, the violinist, and

LESLIE SALT

in the handy
side spoon
package 10c

Stewart Wille, the pianist, furnish one of the classical programs of the Chautauqua. These two young men from Kansas have studied under the great artists and have become recognized both in the large cities of this country and in the old world as musicians of the front rank.

Walter Jenkins and Mlle. Madeleine Archinard, baritone soloist and pianist, offer a program of unusual merit.

Ruby No-man and "Peggy" Hill are entertainers of much experience and have been completely captivating Lyceum and Chautauqua audiences for several years. They are most adept in their songs, stories, costumed sketches and selections on the accordion and piano.

Frank Ducrot of New York, acknowledged as one of the world's three greatest magicians, has appeared in the largest cities and wins new honors wherever he goes. He is rightly called a "Wizard" and "The Man of Mystery."

Big Things, These
"Little Women" is a glimpse of Civil war days. It is a dramatization of Louisa M. Alcott's famous story by Marian DeForest, in collaboration with Jessie Bonstelle. The cleanliness of "Little Women" stands out as a promise that successful plays can be produced with every objectionable feature, even a minor one, removed. Rich comedy, not of the boisterous type, excellent logic and tender pathos blend admirably. Presenting this play of American life are the same folks who have been scoring such a tremendous success with it in New York and Philadelphia. They include Jane Marbury, Jean Brae, George Clark, Elaine Benton and Henrietta McDaniel.

Direct from New York comes the Pinafore Company to give the opera, "H. M. S. Pinafore." There will be elaborate scenery, including the large ship, scenic effects and every detail needed to produce an opera in a manner equal to its presentation in the largest cities. The list of singers includes such well known people as Marie Horgan, Karl Stall, Harry Luckstone, Howard Marsh and Arthur Pace Ripple. There is a chorus of young men and women, and orchestra under the direction of Harry Mandeville and no expense has been spared to make this production the most elaborate ever seen on any Chautauqua.

DOG STAR ACTOR IN TAKING OF BEACH MOVIE

NEWPORT BEACH, April 20.—One of the Keystone Film companies, under the directorship of E. G. Cline, has been working here during the past few days taking a number of water "shots" which deal with submarines, torpedoes and all manner of equally terrible and impossible happenings.

A torpedo launched by a submarine cuts a motor launch entirely in two, and one terror-stricken passenger jumps aboard the torpedo as it rushes by and escapes in safety after many dire catastrophes.

One of the most interesting features of the piece is the acting of "Teddy," the big Dane dog, the intelligence of the huge animal, which weighs 135 pounds, being little short of marvelous. The dog steers a speed launch going at top speed by grasping the wheel with his teeth. By a quiet command from his owner "Teddy" will carry a life-preserver to a struggling heroine in the water and firmly grasping the frantic heroine by the collar convey the peroxide beauty to a haven of safety.

For the services of this dog it is paid the owner obtains the neat sum of \$100 per week. In addition to "Teddy," the owner has two other dogs working for the Universal and the Kalem, respectively, which, although not as intelligent as the big Dane, are considered well trained animals. The company left yesterday to return Monday when it will "shoot" the break-away stuff in which the torpedo cuts the motor launch in two.

Unclaimed Letters

Letters addressed to the following parties remain unclaimed for in the postoffice at Santa Ana, Cal., for the week ending April 21, 1917:

Mrs. May Adams, Mr. and Mrs. Roy Ballard, Roy Ballard, J. M. Busby, L. N. Corkson, Mrs. Rosa Cornell, Chas. Curtis, Mrs. Ana Fork, Mrs. Mary Gillette, Mrs. C. S. E. Ghostly, Mr. Harvey Groover, Mrs. Samuel Hillman, Mr. H. L. Hobart, Mr. Hobart, Mrs. W. L. Hofer, Mr. and Mrs. R. L. Hubert, Mr. T. H. P. De M. Kennedy, Mrs. Lizzie Kirk, Mrs. W. L. Lippincott, Mrs. M. Corry, Mr. Sel Marquis, Mr. Mahler, E. M. Nelson, George Odena, Orange County Produce Company, Mr. and Mrs. Robert Reurel, J. A. Rowe, Mrs. Marlena Selvidge, Mr. Hugh T. Smith, Master Eric Stone, I. H. Wallace, Mr. William Wills, Mr. C. F. Yelding, Sr. Noverto Alvarez, Miss Merlinda Apadaca, Sr. Doroteo Arellano, Senora Maria Concepcion Hernandez, Senor Anastacio Lopez, Senor Jesus Magana, Sr. Jesus Monteyano, Sr. Luis Sanchez, Senor Don Relfo Serrano, Jose Torres, Mrs. Ventura S. Trujillo, Vidal Vasquez, Miss Irene Ellis (package).

If not called for in two weeks will be sent to the Dead Letter Office. When calling for the above please say "advertised" and give date.

FIFTH AVENUE DEALER TRIED FOR SHOWING S. F. EXPOSITION ART

NEW YORK, April 19.—The morals of the Panama-Pacific Exposition will go on trial here today. Justices in special session will try Abraham Cahan, Fifth Avenue art dealer, in whose windows a picture called "The Rising Sun," from a photograph taken at the exposition, shocked an agent of the Society for the Suppression of Vice. The agent thought some of the nudes—same varying in degree of nudity—be used as evidence.

SOCIETY WOMEN TO DRIVE WAR AUTOS

WASHINGTON, April 19.—Enticing debutantes and just ordinary domesticated matrons are dabbling around in pools of grease and oil, these days, under model automobiles learning the art of chauffeurage so they will be able to "do something" when the country sounds the call to arms.

Just drop into any garage in most any town and there you'll see them—squaring around in the one-foot air space between the engine of an automobile and the ground. The work was started by the Red Cross here and, according to reports pouring into headquarters, it has spread like a wind-swept fire throughout the country.

When the women have completed their course they will offer their services to the war department and a car thrown in.

BOYS AND GIRLS ENCOURAGED IN AGRICULTURE BY U. S.

Smith-Lover Fund Available For Extending Work to Elementary Schools

The importance of young people taking up the cultivation of foodstuffs at this time is recognized by the State Board of Education, and a resolution recently adopted by it urges the co-operation of teachers and school boards in elementary schools with the department of agriculture of the state university in encouraging boys and girls between the ages of 10 to 18 years to engage in agriculture and home economics.

Mrs. Margaret McNaught, commissioner of elementary schools and member of the State Board of Education, has addressed Mrs. G. P. Hill, former president of the Orange County Federation of Parent-Teacher associations, advising her of the action of the board. The resolution of the board has to do with what is known as the Smith-Lover fund. As Mrs. McNaught's communication is in direct line with the Register's movement for the cultivation of vacant lots and back yards, and contains information that may be of value to school boards in all parts of the county, it is reproduced in full, as follows:

My dear Superintendent: The following resolution was passed at the latest meeting (in March) of the State Board of Education and will appear in the next issue of the Blue Bulletin:

"Resolved, that since the Smith-Lover fund, provided jointly by the Federal government and the various states of the Union, was designed largely for the purpose of promoting project work in agriculture and home economics among boys and girls between the ages of 10 and 18 years,

KEEP LIVER ACTIVE AND BOWELS CLEAN WITH 'CASCARETS'

Best When Bilious, Sick, Headachy,
Constipated, or For Bad Breath
Or Sour Stomach

—Be cheerful! Clean up inside to-night and feel fine. Take Cascarets to live up your liver and clean the bowels and stop headaches, a bad cold, biliousness, offensive breath, coated tongue, sallowness, sour stomach and gases. Tonight take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand—Everybody's doing it. Cascarets best laxative for children also.—Advertisement.

S. B. SCHUMACHER Grocery. Crockery

Prices are soaring. Better get in some of those staples which are still reasonable. Sugar, Flour, Rice, Macaroni, large Hominy, Canned Milk. Everything else in the grocery line is out of sight. Better get some of those reasonably priced staples.

and since the other states of the Union are so using it, the State Board of Education of California, approving and endorsing the work already done in the secondary schools by means of this fund by the department of agriculture of the University of California (the authorized distributors of the fund) appreciates the recent extension of project work to the children of the elementary schools and urges all elementary teachers and school boards to take immediate steps to co-operate with the department of agriculture of the state university in order that the children of the elementary school age may receive the advantages provided for in this law.

The Smith-Lover fund is a fund, as you are probably aware, already in use. (Please do not confuse it with the fund of the Smith-Hughes bill which is now before the legislature for consideration.) The Smith-Lover fund may be used for project work, that is, the raising of vegetables (potatoes, beans, corn, etc.) or the raising of hogs, calves, or poultry, etc., by boys and girls, (please do not forget the girls), between the ages of 10 and 18 years. This fund, under the law, is in the hands of the State Department of Agriculture in the various state universities of the United States. Dean Thomas F. Hunt is the head of this department in our own state, (University of California). Project work of the character which I have described has been carried on admirably in various counties of our state during the past few years by certain high school boys. This year it has just begun to be extended to the younger boys.

In view of the fact that the President of the United States makes an earnest plea that every effort be made to provide food in as large quantities as possible, and that in his recommendations concerning economy and thrift he lays particular emphasis on agricultural industries, the time is ripe to put into practice the advice offered in this resolution of the State Board of Education.

The season is not so far advanced in many parts of the state that we cannot plant to advantage, if we plant at once. Surely those holding administrative positions as educators, and those who are closely in touch with the children of the schools (teachers, teachers and school patrons) will see the necessity of encouraging every boy and girl in the community, where conditions permit, to plant or to raise something.

Superintendents in counties having farm advisers can make use of them immediately to get into communication with Dean Hunt. Where there are no farm advisers the supervisors should be consulted with a view to obtaining local help in order to co-operate with the department of agriculture of the state university.

This is a matter of great importance and I hope you will give it prompt and definite consideration.

Y. M. C. A. TRACK MEN READY FOR MEET

Everything is in readiness for the big county track meet between the various Y. M. C. A. clubs and the championship baseball game between the Fullerton and Santa Ana high school teams, all of which will take place Saturday afternoon at the Santa Ana field. The track meet is scheduled to start promptly at 1 o'clock, while the game will be called at 2:30. The track meet will necessarily be called promptly and run off rapidly for thirty-eight track and field events will be run off in quick succession. Twenty-three of the Orange County Y. M. C. A. clubs have entered teams and over 150 athletes will take part. The field has been especially graded so that the 50 and 100-yard dashes can be run off on the center of the track. From six to twelve are entered in each event and many pretty races are expected. The teams are arranged in five different classes, according to age, and most of the high school athletes of the county as well as some of the old-time stars, will be seen in action.

JUVENILE PROBLEM STUDY IS TOPIC

OLINDA, April 20.—The closing all-day meeting for 1917 of the California Congress of Mothers of the Parent-Teachers' Association will be held in the Olinda school house Saturday, April 21, at 10 o'clock. The president will give a summary of the year's work and the department chairman will make a report. There will be an election of the first vice-president, third vice-president, recording secretary, parliamentarian and historian. Luncheon will be served, each person bringing one article of food. A half hour program will be given by Olinda school children. The speaker, J. Harold Williams, director of research at Whittier State School, will talk on the subject, "Scientific Study of Juvenile Problems."

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief
from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.—Advertisement.

EXCHANGE WILL MAKE SURVEY FOR DEFENSE COUNCIL

Palmer Calls Meeting At Orange Commercial Club For Next Monday Evening

A survey and inventory of the agricultural resources and productive capacity of the territory in Orange county south and east of the river and including the Garden Grove district is to be made at once under the supervision of the California Fruit Growers' Exchange, which has offered its facilities for this purpose to the State Council of Defense.

L. D. Palmer, secretary and manager of the Orange County Fruit Exchange of Orange, has been appointed chairman for this district, and he has called a meeting of representative men in different localities to meet at the Commercial Club in Orange Monday night at 7:30 to report conditions in their respective communities.

Palmer today mailed letters to two or three men in each section familiar with activities in the different products and from the reports of these data will be compiled and forwarded to the Exchange headquarters in Los Angeles. Reports from the different counties will be assembled and sent to the State Council of Defense for its information.

Those who assist in advising the council of the available foodstuffs will be doing a patriotic duty. This information is just as necessary as data on the number of men available for military duty. Those who received the invitation from Palmer to attend Monday night's meeting at Orange should appoint some one in their stead if they are unable to attend.

It is essential that the data be made available within the next few days and the facilities of the California Fruit Growers' Association for gathering the information is such as to insure a quick response.

A similar survey of the territory north and west of the Santa Ana river will be made by the Exchange.

WAR NO BAR TO OIL FIELD ACTIVITY

FULLERTON, April 19.—The oil industry in the Fullerton field is showing thus far no signs of depression or cessation due to general business conditions or the war. A careful survey of the field reveals the fact that all the operators are busy and are hopeful for the future. The pipe shortage situation, while not yet back to normal, no work in the local field has been shut down or postponed on account of the inability to get pipe and supplies.

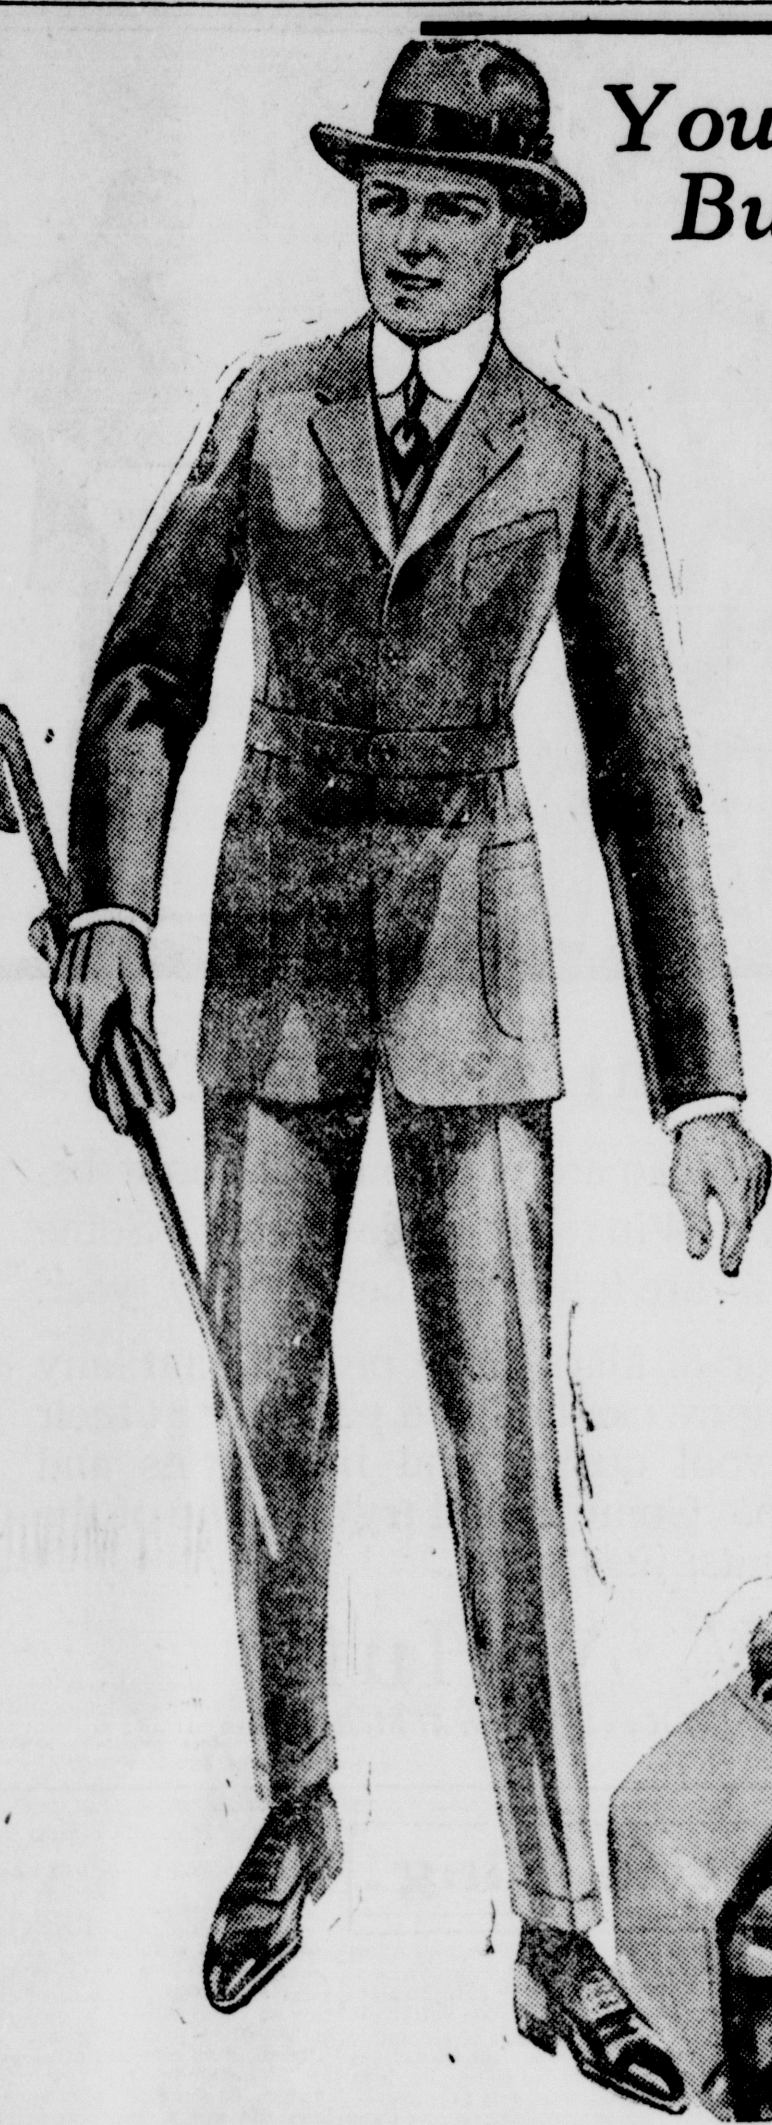

On account of the recent shortage of pipe and the high prices of oil well supplies and drilling materials, a great economic and saving movement has spread over the entire oil fields, and thousands of dollars worth of pipe and used supplies that a year ago were thrown into the junk pile and considered worthless are today being hauled out, repaired and put into service again. Rotary pipe that has become twisted and bent is being straightened, appealed and retreated and put into commission again. Oil lines that were built from heavy casing and pipe that was not considered a good enough quality for use, are being taken and worked over.

The shortage of pipe and the war situation has called the attention of oil men in a very forcible manner to the fact heretofore their wastes were enormous, and that in the future the cost of development can be materially cut down by working over the used materials. One of the largest companies in the local field has employed an engineer whose work is devoted entirely to working over and repairing of supplies that formerly were discarded.

SALE OF \$5000 LOT HERALDS NEW BLOCK

ANAHEIM, April 20.—Showing that Anaheim property is always in demand, the sale of a lot by Joseph Helmsen on East Center street for five thousand dollars cash is further proof. Helmsen sold the lot at the corner of Center and North Philadelphia to W. E. Kirk of Western Canada. That East Center street is due for further building activities is certain from the fact that Mr. Kirk is reported to have plans for the erection of a solid business building on the corner and that others have plans for similar work in the near future. Helmsen has been ill for some time and is just as strong a believer in Anaheim as ever but did not plan improving the corner lot at this time and would not stand in the way of progress when another was so. As the owner of the brick building on East Center street next to the city hall, the buildings on West Center street occupied by The Mission Ice Cream Parlor and Myer's Book and Stationery Store, a house and lot on South Olive street and his beautiful home on South Claudina street he shows his faith in Anaheim even though he has been ill for months and unable to take care of his business interests.

Other interests of Helmsen are in the German-American Bank of this city and nearly five hundred acres of fine land in Imperial Valley near Holtville.

Your Clothes Money Buys Most Here

—You want to look well-turned-out this spring—and to get style with authority back of it. You want to get quality—to get the most value for your clothes-money. You get all these in greatest measure in

Wardrobe Clothes For Spring and Summer

Ultra Stylish Suits for Young Men

—On the point of style, we can show you models for men and young men that are far in advance of the great host of ordinary styles.

—Vigorous, lifeey suits for young men—some are the last word in style, others not so extreme. And, belted suits, say "belted" here and it enfolds an assortment of belted suits that are each and every one a trump—belts all around, half and three-quarters, presenting many smart and new effects.

More Conservative Models

CENSOR PRAISED BY NEWS WRITERS

WASHINGTON, April 19.—From time immemorial the news censor has been "cussed" by the newspaper men. Cases when his work has been appreciated are so rare as to be well worth recording.

Twenty-nine Washington newspaper men on the State, War and Navy "run" recently wrote a letter to Secretary Baker in appreciation of the services of Major Douglas McArthur, the official war department censor. The letter, praising the "unfailing kindness, patience and wise counsel" of the Major, bears the autographs of the twenty-nine men.

Secretary Baker, who has found Major McArthur invaluable as an advisor and aid, expressed a wish that the letter might be manifolded and distributed broadcast as a proof that real service is appreciated even though it may come from a news censor.

"Southern Prepared Paint" Is the best for professional painter as well as amateur, because:

1. It contains only the best materials, selected as only an experienced and honorable maker can do.

2. White Lead as sold today, alone with Linseed Oil, makes a fugitive paint. It will decay and disintegrate rapidly.

"Southern Prepared Paint" has been made from the beginning to give better results than are possible otherwise. It must not be associated with cheap imitations and "special" mixtures.

3. It is mixed and ground by machinery better than it is possible for any one to do by hand.

4. It is made by a reputable manufacturer. It is therefore no experiment, and you take no risk in using it.

"My Country 'Tis of Thee, Sweet Land
of Liberty."

AN OPPORTUNITY

If you have the notion that joining the Red Cross Society means that you will have to go to Mexico or to the trenches of Europe, get that notion out of your mind.

Joining the Red Cross does not mean that you enlist to go to the front.

Joining the Red Cross does not mean that you become a war nurse any more than joining a church means that you have to go to the interior of China as a missionary.

Membership in the Red Cross is your opportunity for co-operation in the service of humanity in caring for the sick, wounded and distressed. Through the Red Cross you can secure training for work at the front, if you want it. You can secure training that will be of service to you in caring for the cuts and bruises and broken bones of your own children. Just how far you go in the class work offered by the Red Cross is entirely up to you. You do not need to take any of the class work if you do not want to take it. The Red Cross does need your membership. It needs your \$1 or your \$2 or your \$5 or your \$10 or your \$50 or your \$100. You can join for \$1, and if you want to divert more than \$1 from your purse to the Red Cross work you can do it.

The Red Cross offers an opportunity for patriotic service in small things right here at home. It is a channel through which every man, woman and child in Orange County can find an opportunity for service, even if in nothing more than in taking out a \$1 membership.

It is a volunteer proposition. You can pay \$1 and get a receipt, and let your service end there. You can join a first aid class and become proficient as a field nurse. You can aid in sewing garments for use in hospitals. You can prepare bandages to be sent to headquarters for use among soldiers. There are many things you can do now, and more that you may have a chance to do later.

Just how much you do is up to you.

OUR DICTATORSHIP

President Wilson today has more power than any other man in the world.

Not even Lloyd-George, head of the British Empire and unofficial head of the group of Entente governments, has so much authority. He may wield wider influence than our President, and exert a more direct control over the military campaign; but he has neither the President's unquestioned right of decision and action nor the President's sure tenure of office.

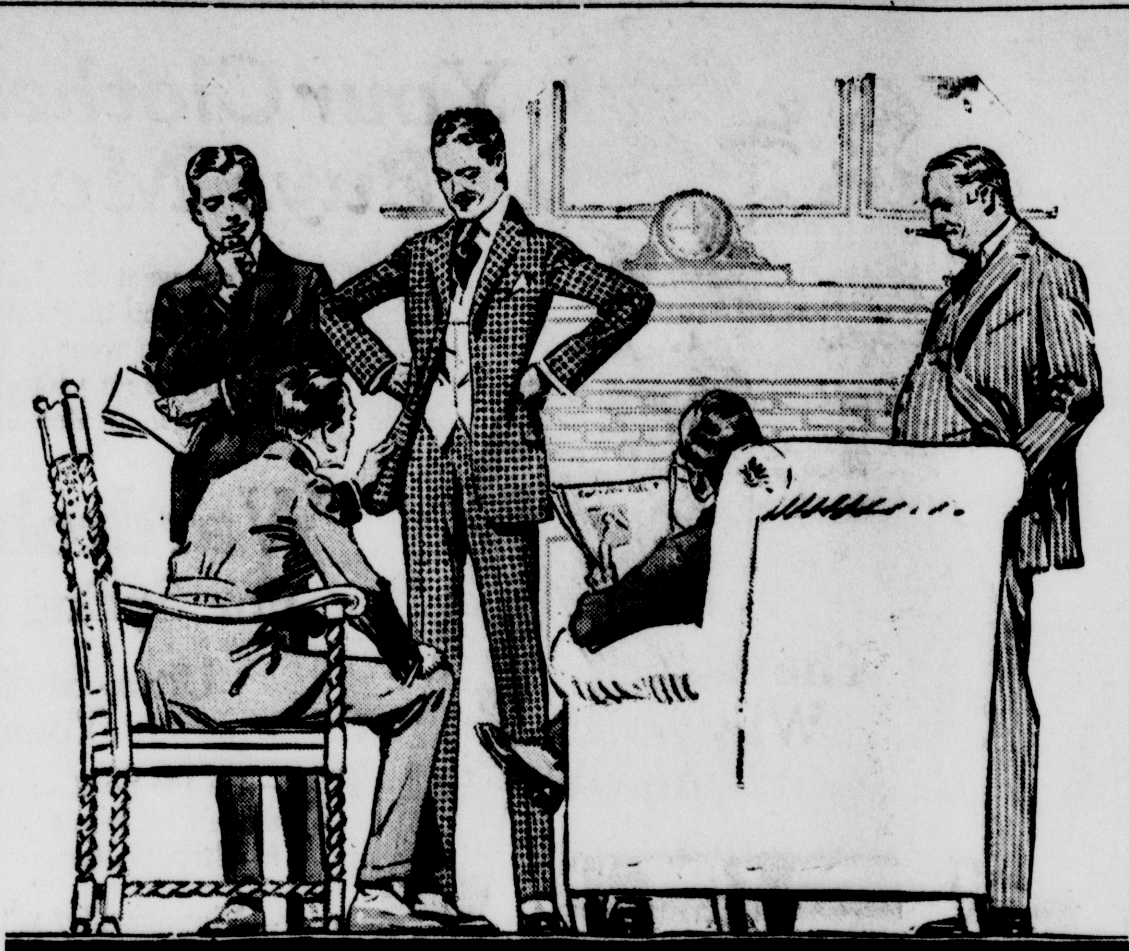

Lloyd-George, like the French premier, may be swept out of power at any time by a wave of public opposition. President Wilson is sure of his position for four years. And during all that time, if the war lasts so long, he will be virtual dictator of the nation.

Ordinarily there are ways of curbing the President. He is at least as subject to control as is a "limited monarch." But once war is declared, he becomes automatically commander in chief of all our armed forces, equipped with the full authority of the nation, and wielding practically all governmental powers. He controls the army and navy. His word is absolute. He may consult army and navy boards, but may ignore their advice. He can make or unmake admirals and generals, dictate plans of campaign, wield armies and fleets at his pleasure. The full burden of the war is on his shoulders.

One thing he cannot do—appropriate money to carry out his war plans. Only Congress can do that. But in practice Congress nearly always grants whatever funds the President asks. There can be no parsimony or partisanship in war time, and the President will get what he deems necessary for the nation's welfare.

Thus our governmental machine, which ordinarily lumbers along rather ineffectively, in war time becomes admirably simple and efficient. The sort of government we would never tolerate in normal times happens to be the ideal form of government for maintaining defense and waging war. For military purposes there must be concentrated authority. That we have it now is one of the best proofs of the wonderful foresight of the fathers who framed the constitution.

The power it gives one man is the

Out With the Flag!

Philadelphia Public Ledger

No sight that the April sun beholds is more inspiring than that of the flags flying before so many residences and business houses, and displayed in the windows when a pole is not available. It is a sight that cannot be made cheap or common by its frequency, and there is no danger of overdoing the display. Each starry emblem that is shown seems to reiterate and enforce the message that all its neighbors are giving to the light of day—the message of patriotism, smoldering perhaps, while there is no particular need for its declaration, but ready to leap into sudden flame when the hour strikes and the individual conscience is awakened to the imperative duty. The American flag requires no

mendous. But no President has ever abused it. Madison, Polk, Lincoln and McKinley have wielded it in turn, with honor to themselves and no peril to our democratic institutions. There is no fear that President Wilson, wielding a power grown incredibly vast, will turn it to a wrong purpose.

There can be no Napoleons in America. Inevitably comes the day of reckoning. War ends, and with it democratic responsibility returns, or the executive term of office ends, and the great dictator becomes automatically a mere private citizen again.

After all, it's the nation itself that is the dictator.

RUN-DOWN WOMEN

We Have a Remedy That Will Cost You Nothing If It Does Not Help You

—Santa Ana women will please realize that we mean just what we say in the above heading. Letters like the following prove the efficiency of Vinol in such cases:—

"For the benefit of the other tired women, I want to say that I keep house for seven in my family. I became run-down, all played out, I did not seem to have any life in me and looked badly. I read so much about Vinol I decided to try it and I must say it helped me in every way. It built me up so I felt like a new woman, and my friends said they could see a great change in me." Mrs. John M. Waldron, Saratoga Springs, N. Y.

We recommend Vinol to our customers as the greatest strength creator we know because it contains beef and cod liver peptonates, iron and manganese peptonates and glycerophosphates, all dissolved in a pure medicinal wine.

Rowley Drug Co., Santa Ana, also at the leading drug store in all California towns.—Adv.

CLEAR YOUR SKIN IN SPRING
Spring house cleaning means cleaning inside and outside. But, promptly skin is an aftermath of winter inactivity. Flush your intestines with a mild laxative and clean out the accumulated wastes; easy to take; they do not grip. Dr. King's New Life Pills will clear your complexion and brighten your eye. Try Dr. King's New Life Pills tonight and throw off the sluggish winter shell. At druggists, 25c.

panegyric. It is the emblem of all the blessings of peace as surely as of flags flying before so many residences and business houses, and displayed in the windows when a pole is not available. It is a sight that cannot be made cheap or common by its frequency, and there is no danger of overdoing the display. Each starry emblem that is shown seems to reiterate and enforce the message that all its neighbors are giving to the light of day—the message of patriotism, smoldering perhaps, while there is no particular need for its declaration, but ready to leap into sudden flame when the hour strikes and the individual conscience is awakened to the imperative duty. The American flag requires no

With Malice Toward None

By Henry James

Free Speech
Frequent defense of free speech is observed these days, and perhaps it's all right even for publicists to blither. At least nobody would feel inclined to send a senator to jail for the too reckless wagging of his jaw. A better way would be to devise such circumstances that they would result in his being a senator no longer.

As to the "pop-box" fellows, of course they are taking chances now. It is not probable that American papers will offend by supporting the side of Germany. Such as has been retained will have to consider that they have earned their pay, or, if strictly on the square, return a portion of it to the imperial paymaster. Of course the non-enlistment clique will have to shut up or be shut up, this treatment, however, being in suppression of treason rather than of free speech.

A Threat of Books
Several persons had expressed the intent of going to Europe after the war and gather material for the making of books.

Since the war seems likely to be imported, it is hoped they will stay right here, and help make history instead of write it.

The Benign Pacifist
Several congressmen report the receipt of death threats to be carried out in case they voted for war. The pacifist doesn't always love peace for its own sake. Only the stand-up fight goes against his grain. A knife in the back—not his own back—appeals to him quite strongly.

Losing the Profits
Back east somewhere a wife requested a saloon keeper to stop selling to her husband, and because he declined to give her the courts have awarded her damages in the sum of \$20,000. Probably it is worth this to have to keep a rum-soaked ruin about the premises.

Nietzsche's Influence
An eminent lecturer is speaking on the subject, "Nietzsche's Influence on Modern Times." Perhaps before he had become a fawning lunatic and was simply a raving

crank, Nietzsche exerted an influence.

His work best known in America is, "Thus Spake Zarathustra." It may be that the translation is faulty, but the volume practically is unreadable. The gleams of intelligence that reach the senses argue a mind brutal to the point of bestiality, but these gleams have to shine through a mess of gibberish suited to a madhouse.

There is an affection of admiration for Nietzsche in this country, but there is no genuine admiration for him. He was a voice crying in the wilderness, all right, but adding to the desolation of it the bubble of a diseased mind and a decadent soul.

Vitriolic
Because of jealousy one man down in the imperial valley dashed vitriol into the face of another, having caught him asleep.

Now the man who threw the stuff is in prison for a twenty-two year stretch, and the other has married the girl. Showing that jealousy is an unprofitable emotion to entertain.

Congratulations
The mayor of Seattle was acquitted of the charge of accepting bribes, the jury evidently deeming the witness, who asserted that he had done the bribing, to be a perjurer.

It always is distressing to see a citizen who is considered respectable convicted on the testimony of an acknowledged and hardened rogue.

Heaping on the Agony
Rear Admiral Peary says this country would be at the mercy of any foe with an efficient aviation service.

Trying to scare us? Good thing, perhaps.

To be efficient to the degree intimated would be to be far more efficient than any system of lying that has eventuated yet.

Cheerfulness

This is no time for jesting, and the mind of the country is on the solemn business of war.

It is well, nevertheless, to keep as cheerful as possible, believing that

I WANT TO REPAIR THAT WATCH

I'll tell you what kind of time it will keep after it's repaired and then I'll make it do it.

Mell Smith

Better sight makes a brighter world. Our made-to-order glasses improve the sight.

DR. WILCOX, Optometrist
108 E. 4th St. Phone 280

while the country is at war, it is a war forced upon it, and that ultimate victory is assured, and that it will be a victory for all civilization. These reflections ought to help some.

Bearing Gifts
Mexico is not very mature intellectually, or it could not be "pleased with a rattle and tickled with a straw." Aliens go down that way bearing gifts aren't on the square. Mexico would be wise to behave while it has a country of its own to behave in.

THE BATTLE ON THE TIGRIS
Sitting by the open window in the morning early light, Reading from the daily paper Or the famous Russian light.

It is a time of skilled maneuver; Russian hosts with Moslem hate, In the old and bitter conflict For Armenia's cruel fate.

See the serried lines in conflict, Now the crescent, now the bear Furled aloft a battle banner In the zero frosty air.

The gallant Slav is rushing onward, Pressing hard the Moslem band; Now they mingle in the struggle, Brave in death for native land.

They are cheering on the mountain, Where the snow is red with blood; There is panic in the valley Where the sturdy Moslem stood.

Storms of shot and shell and shrapnel, Lurid flames of fire and smoke, Aiding in the mighty conflict For Armenia's Moslem yoke.

See the Cossack horse advancing, Closing round upon the flank, And in front the Slav is rushing With loud cheers from file to rank.

Moslem now in base surrender Yield their arms in sullen shame, For the murders of Armenia They now bear a hated name.

Loving hands entwine the laurel O'er graves of fallen Slav; Grateful hearts Armenian cherish For the men who died to save.

This is the land of song and story, Where the limpid waters glide Close by the banks of ancient Eden, Where primate man did first abide.

On a high and rugged mountain, In his ark of gopher woods, Faithful Noah gladly rested With his line of precious goods.

Here the Christian church was planted By that Veterans for the lost And the gracious gospel letters Find a home in hearts sore crossed. —G. L. A.

AMUSEMENTS

At Clune's
If imitation is flattery, then George M. Cohan would naturally be expected to encounter particular difficulty in obtaining a hat that would fit his head, for if any person connected with theatricals, has been imitated to any greater extent than George M., that individual has never been written about.

Quite contrary to the case often apparent, George Cohan is today as unaffected and democratic as he was during the days he took lessons on the violin back in Providence, R. I. His many friendships are sincere regardless of "stations in life" and he is as popular with the stage carpenter as he is with the greatest of theatrical and motion picture celebrities. That he will gain hosts of new friends as a result of his forthcoming motion picture debut is readily expected. "Broadway Jones" is his initial picture to be at Clune's very shortly.

I want One Million Feet of second hand Pipe, of all sizes. I pay the highest prices. Box 98, Taft, California.

TONIGHT—The Screen's Daintiest Actress

Marguerite Clark
In a Comedy Drama of the French Stage.

"The Fortunes of Fifi"

IN SIX REELS

Marguerite Clark has played almost every conceivable character on the screen, from the delightful little "Molly Make-Believe" and "Little Lady Eileen," who believed in fairies, to "Snow White," who was a sort of fairy princess herself. But during the time that she has appeared on the screen the Famous Players have never given her the role of an actress until she played Fifi, in "THE FORTUNES OF FIFI." This Paramount Picture concerns a little French actress and her aims, ambitions, romance, near-tragedy, and final good fortune. In it Miss Clark does some of the most delightful work of her screen career, playing the actress with a delicate touch that is refreshing and irresistibly charming.

DOINGS OF CLUBS
PERSONALS

NEIGHBORHOOD CLUB

Members Gathered Yesterday At Charming Country Home Mrs. Asa Hoffman

The Progressive Neighborhood Club was very delightfully entertained yesterday afternoon by Mrs. Asa Hoffman at her charming country home on Newport boulevard. The ride to and from the ranch was an added pleasure.

The afternoon sped swiftly away with lively conversation and needlework.

Mrs. Clara Thompson became a member of the club.

Mrs. Hoffman was assisted in serving a delicious two-course collation on trays by her mother, Mrs. E. D. Boynton.

Those present were Meses. Claude Harlan, M. J. Hoffman, Paul Carahan, H. L. Sawdey, H. McCombs, Frank Browne, F. T. Hoffman, Maude Swarthout, E. D. Boynton, Clara Thompson and H. L. Cole.

To Talk of the Blind

The Woman's Civics Club of Santa Ana wishes to remind the public that at the regular meeting tomorrow afternoon, Miss Kate Foley of Los Angeles will be present, who will talk on "The Education of the Blind." Miss Foley herself being blind. The meeting will be held at 2:30 p. m. in the Congregational church. The public is cordially invited and urged to come and hear this wonderful tale of this great philanthropic work.

There will also be a short musical program.

Mrs. Ellis and Earl Fraser will play and Mrs. F. W. Shabugh will sing.

W. R. C. Meeting

A regular meeting of Sedgwick chapter No. 17, W. R. C., was held in G. A. R. hall yesterday, the president, Mrs. Beren Walker, presiding.

One new member was added to the Corps, Mrs. Hattie Harlin of Downey. Also one new application was received. Forty sick visits were reported by the Relief Committee.

ROOSEVELT P. T. TEA

Mrs. Sam Hill Hostess to Company Ladies At Her Home On Orange Avenue

The Roosevelt Parent-Teacher Association held a very enjoyable tea yesterday afternoon at the hospitable home of Mrs. Sam Hill at 109 Orange avenue. Mrs. Hill, Mrs. D. B. Brown and Mrs. B. E. Tarver were the genial hostesses.

About twenty were present and the time was happily passed with needlework and happy chat. Piano music was also enjoyed and before the guests departed they were served with appetizing light refreshments. The house was brightened with marigolds artistically arranged.

TALK, WRITE FRENCH

High School Club Meets Last Evening For Evening Of Pleasure

The home of D. K. Hammond, principal of polytechnic high school, was the scene of a pleasant and profitable meeting of the French club last evening. Roses in profusion were used to decorate the house and a feature of the evening was the singing in French by Miss Mary Wakeham, her number being "Viva Nello." She responded to a hearty encore.

French games and songs were sung and Miss Jewel Hickox won first prize and Miss Alverda West second, in an essay in French upon how the recent vacation week was passed.

A group of Junior College students gave a pleasant ukulele serenade, which was greatly enjoyed and before the members departed they were served with ice cream and cake. Eighteen were present.

Program at Dragon

The Dragon offers the following special semi-classical program for the music lovers of Santa Ana on Saturday afternoon, between 3 and 5 o'clock, rendered by the trio, Mrs. McCuiston, violin; Mrs. Mackey, cello, and Mrs. Theo. Watry, piano:

Good Scout March.....Kaufman
Told at Twilight.....C. Hueter
Minuet.....Beethoven
Serenade.....Gounod
Underneath the Stars.....Spencer
The Rosary.....Nevin
Melody in D.....A. Fauer
Gavotte.....Padre Martini
La Paloma.....Yradier
Selections from Katinka.....Thorne
Andante Religioso.....Thorne
Valzer Gentile.....Nevin
Tango in D.....Albeniz
"The Sunshine of Your Smile"
(Popularized by John McCormack)

Married at Highland Park

The many friends of James E. Durston, the genial representative here of the Holt Manufacturing Company of Stockton, and Miss Charlotte Gouhier, a popular young woman of Orange, are extending their congratulations to-day, the happy young couple having just returned from their honeymoon trip to San Francisco and Stockton. They are located at 502 Orange avenue.

Mr. and Mrs. Durston were married at Highland Park on April 10.

BIRTHDAY SURPRISE

Andrew Getty's Anniversary Delightfully Celebrated At "Stag" Party

A jolly good fellow. Nothing he will not try. Doing the other fellow when he can. Ready to do the right thing or die. Eager to win the game every day. Willing to give up if it's the only way.

G is to get there and get there quick. Endless haste is his motto; Try to make loans with other fellows' cash.

Try to make sugar with every one's trash. You all know he doesn't rest when he ought to.

Reading down the lines of this jingle you will find the name of the honored gentleman at a very delightful surprise arranged for the well known banker and citizen, in compliment to his sixty-third birthday.

Mr. Getty had gone on a trip to Los Angeles, and upon his return found a group of his friends waiting to receive him at his lovely home on North Main street, where his charming wife carried out attractive arrangements. A patriotic keynote was found in the decorations of flags and vivid blossoms, the dinner table being centered with a beautiful arrangement of white lilies in a crystal basket, the handle tied with red, white and blue tulle. A circle of tiny flags surrounded the graceful receptacle.

The place cards were hand-painted and the handiwork of a little friend of Mr. and Mrs. Getty, Miss Dorothy Skiles. They bore the rhyme at the beginning of the article.

Mr. Getty was presented with a handsome travelling case, as he and his wife will soon start upon an extended automobile tour. The evening was spent socially and informally.

Those extending their congratulations to Mr. Getty were Meses. A. C. Getty, C. E. Cooper and Dr. Taylor, all of Los Angeles; D. L. Anderson, George Briggs, A. C. Bowers, F. L. Andrews, Robert Skiles, Cal D. Lester, E. M. Nealley and Charles Cotant.

PLEASANT AFTERNOON

Wee Club Meets With Mrs. J. J. Tavis at New Home On Sycamore Street

A delightful meeting of the Wee Club was held yesterday afternoon with Mrs. J. J. Tavis at her new home, 217 South Sycamore street. The home was aglow with lovely red roses and the time sped away all too quickly with needlework, chat and listening to victrola music.

A new member, Mrs. Mary Matthes, was received into the circle.

A delectable three-course collation was prettily served in the dining room, where there were beautiful Easter lilies and the prettily appointed table was centered with a lovely centerpiece of red and white roses in combination with lacy ferns.

Those enjoying Mrs. Tavis' hospitality were Meses. Mary Matthews, A. B. Watson, George Paul, Jack Cope, Charles Smith, Charles Wolff and Mrs. E. H. Cowdrey, Mrs. Tavis' mother.

Pre-convention Rally

An interesting pre-convention rally will be held this evening at Anaheim in the First Methodist church, under the auspices of the Orange County Epworth League. Eleven leagues will be represented.

There will be short, snappy talks by Charles Deaver, president of the San Diego district, and Will Kroener, chairman of the Orange convention committee. The convention will be held at Orange May 4, 5 and 6.

A special program has been prepared for this evening, those from Santa Ana participating being Miss Ada Sharpless, Edward Burns, Miss Ramona Cleveland, Cecil Birtcher and Miss Lillian Breed, the dramatic reader. The county election of officers will be held and a pennant awarded to the league having the largest attendance.

An Irish Evening

The mothers and teachers of Spurgeon school announce a pleasant entertainment for this evening at the school auditorium for the purpose of obtaining funds for decorating and furnishing the auditorium.

A clever Irish comedy will be put

The Odd, Unusual, Difficult Eyes are the Eyes I like to test. It enables me to prove my methods are superior to all others.

The Race Is to the Strong---That's Why Vandermast & Sons' Suits for Boys Are Winners

For the Attention of Boys

Vandermast & Son leave it to the boys, and to their fathers and mothers, if the suits carried in their boys' department aren't right "up to the handle" in the matter of tough, good-looking clothes for romping boys.

Vandermaasts have put heart and soul in this department, expecting that when you boys come for your suit, you'll find what you want.

And your mothers, who will probably pick out your suit, and your fathers, who will probably pay for it, will be as well pleased as you.

For one thing, your mothers won't need to sew up a seam or stick on a button "five" minutes after you get your suit; and your dads won't need to dig up the price of another in two or three months.

You will find a good suit—your suit—waiting for you at

Personals

Mrs. O. W. Waring of Laguna Beach spent yesterday with her daughter, Mrs. E. M. Robbins. She has been at Placencia with Mrs. Jennie Porter for two months.

Mrs. M. M. Huchendorf of Los Angeles is a guest at the home of her daughter, Mrs. C. A. De Mar on West Fifth street. She came down to help celebrate the birthdays of her grand children, Grace and Marshall de Mar.

Mr. and Mrs. E. H. Jones of Des Moines visited yesterday with Mr. and Mrs. Charles D. Brown of Red Hill. George F. Preble, the well-known builder and contractor of Orange county, was a visitor in Santa Ana on Saturday en route to the scene of his work at Fillmore where he built the new bridge. He had with him in his machine Meses. Sam Hamer and S. V. Skiles and J. R. Faine and J. R. Faine, Jr. of Santa Ana.—Santa Ana Chronicle.

Mr. and Mrs. Geo. Shaw left yesterday for Florida to remain indefinitely. Mr. Shaw formerly owned the Rossmore cigar stand.

Mrs. B. Utley was among Santa Anans in Los Angeles today.

Charles Spicer made a business trip to the Angel City today.

Mrs. Hattie Vanderlip was a morning traveler to Los Angeles.

E. M. Edwards and wife of Spring Valley, Minn., are here visiting N. J. Warner and other old friends, who were former residents of this place. Mr. Edwards was formerly cashier of the First State Bank there. He and his wife are enjoying their first trip to California. They have been in the state since last October, and are delighted.

Mrs. Alba J. Padgham left yesterday for a visit to various clubs, including Colon, Riverside and a point in the Imperial valley. She will be a guest tonight of Mr. and Mrs. G. G. Cole at Riverside.

Dr. and Mrs. Thomas J. McCoy of Los Angeles spent last evening with Dr. and Mrs. S. V. West on North Main street.

Attorney S. M. Davis was in Los Angeles today on business.

FORMER GARDEN GROVE PASTOR AT ESCONDIDO

Rev. William Thomas, formerly pastor of the Immanuel Baptist church in this city, and the Baptist church at Garden Grove, has been called to the pastorate of the First Baptist church at Escondido. A public recognition service for Rev. Thomas was held at the church in Escondido last night, with pastors from several churches in Southern California in attendance. Among the visiting clergymen outside the city was Rev. George Francis, pastor of the church at Garfield, Grove.

Rev. Thomas was the father of Isabel Thomas, who was killed at Garden Grove about a year ago when she was struck on the highway by a machine driven by George Nesbit.

An Invitation

We can give you a very delightful hour of music at our store. It won't be talking machine music either. It will be real music—as real as if you heard the living artists.

Won't you give us an opportunity to prove that the New Edison does literally Re-create all forms of music?

You will be very welcome, and you will not be urged to buy.

Yours cordially,

Carl G. Strock

FOOD RESOURCES BE DISCUSSED TOMORROW

Ranchers From All Over the
County Urged to Be Pres-
ent At 2 p. m.

Tomorrow is the day set for the
meeting of the committee of food re-
sources of the State Council of De-
fense with the farmers of Orange
county.

Tomorrow morning at 9:30 o'clock
the committee, headed by Dr. H. J.
Webber, superintendent of the citrus
experimental station at Riverside,
will be at the Santa Ana city hall. To
that meeting County Horticultural
Commissioner Bishop has invited
about fifty men from all over Orange
county. From among these men will
come accurate answers to the many
questions as to quantities of various
food products that this county will

produce this year.
The committee wants to meet 500
men in the afternoon meeting, which
will start at 2 o'clock. To those men
will be explained the various things
that can be done to help the govern-
ment through the war.

PATRIOTIC SERVICES WILL BE HELD SUNDAY NIGHT AT 1ST BAPTIST

Patriotic services will feature the
meeting at the First Baptist church
next Sunday at 7:30 p. m.

Rev. L. G. Cressey of Los Angeles
will deliver the address and patriotic
music will be furnished by the church
choir.

Members of the G. A. R. and affiliated
organizations, and especially high
school students, are invited to be pres-
ent.

Rev. Cressey is a splendid speaker
and all who can should attend.

BEGAN MILITARY DRILL

Thirty-seven high school boys be-
gan military drilling last night at the
armory hall, under the tutelage of
Captain J. L. McBride, formerly of
Company L. These students work
after school, so arrangements were
made for evening drill. The young
men show ability in the work.

This division will meet Tuesday
and Thursday evenings at 7:15 o'clock
at the Armory.

AT THE COURTHOUSE JURY UNABLE TO AGREE IN KERN DAMAGE CASE

By Settlement of \$2000 Com-
promise Ends Contest of
Hildebrandt Will

Last night at 10:30 o'clock the jury
that tried the suit for \$16,500 damages
brought by F. B. Kern, an Anaheim
bicycle dealer, against City Marshal
John Kellenberger of Anaheim threw
up its hands and told Judge West that
it could not agree. The jury was dis-
charged. It stood eight to four in fa-
vor of a judgment for Kellenberger.

This was the second trial of the dam-
age case. In the first the jury cleared
Deputy Marshal Germann, but was un-
able to agree on a verdict so far as
Kellenberger was concerned. The
case was again set for trial, this time
on July 23. Suit was for alleged false
arrest for disturbing the peace.

Compromise Settles

This morning a compromise ended
the contest of the will of William H.
Hildebrandt, who died at Anaheim on
July 26, 1916, from a gunshot wound
inflicted with suicidal intent. Two
wills were before the court. The one
written after Hildebrandt shot him-
self left all his property, appraised at
\$12,600, to a niece, Augusta Zumkeller
of San Francisco. H. V. Weisel ap-
peared as attorney for her. Attorneys
Williams & Rutan, representing Irene
and John Schurbert, who live in the
East, entered a contest, alleging that
Hildebrandt was not of sound mind
when he made the will and alleging
undue influence. Under a previous
will they were to receive the property.

In the controversy a compromise
was reached whereby Attorney Wil-
liams' clients drop the contest for
\$2,000. The court allowed the compro-
mise settlement.

Sale Is Confirmed

Today Judge West confirmed the
sale of the 65-foot lot at the southwest
corner of Birch and West Fifth street
from the estate of H. A. Czarke to
W. A. Greenleaf for \$2700. The bid of
\$2700 was not raised. There is no
building on the lot.

In Shadow of Jail

Charles B. Halley of Los Angeles,
formerly a hay dealer at Anaheim,
came very near going to jail this
morning for contempt. He said he
had loaned some furniture for \$35 and
had loaned the money to a woman who
is now in San Francisco. He did not
pay the \$5 a week alimony to his wife,
who is suing him for separate main-
tenance. Judge West had intimated
that he was going to send Halley to
jail when Halley asked for permission
for a week in which to sell an auto-
mobile. Permission was given.

Set for Trial

The two suits for damages brought
by G. Matsunaga, a Japanese, against
W. A. Wood, for injuries sustained by
a Jap child when hit by an automobile
at Anaheim, were set for trial on
June 20 and 21.

First Papers

Louis Nyssen, 32, native of Belgium,
has taken out his first papers. He is
a rancher on R. D. 1, Orange. He came
to this country in 1911.

Was Unsuccessful

An effort to get Jacinto Garcia out
on habeas corpus failed this morning.
His attorney, Chapman of Los An-
geles, alleged that the evidence did
not sustain holding Garcia for trial in
the superior court. Judge West ruled
otherwise. Garcia is charged with the
murder of Reyes Molino in Santa Ana
several years ago. The trial is set for
May 8.

To Be Citizen

First papers were taken out today
by Eugene Marraco, aged 23, a laun-
dryman of 410 East Fourth street,
Santa Ana. He was born in Monem,
France, and came here in 1911.

Answers Filed

Today Attorney S. M. Davis filed an
answer in the suit of W. L. Grubb
against A. R. Marshall, involving
rights in a pumping plant.

District Attorney West for the
county filed an answer to the com-
plaint of A. Otis Birch in which Birch
asks for a big reduction in the assess-
ment of \$645.10 placed upon the prop-
erty of the Birch Oil Company at
Brea. The answer declares the assess-
ment to have been legal and honestly
made.

Action Begun

G. M. Gowdy has brought suit
against M. L. Hubermann in regard to
a bill of about \$400 for rental of
mules used upon paving work near
Placentia. G. H. Scott is attorney for
the plaintiff.

For Guardianship

Luisa Casas has asked that she be
appointed guardian of the estate of
Maria Casas, aged 17, her sister, of
Placentia. C. R. Allen is attorney for
the petitioner.

ANAHEIM, ORANGE CLASH IN OPENER

The baseball teams of Orange and
Anaheim high schools this afternoon
are playing the first Orange County
League game of the season. The con-
test was scheduled to begin at 3:15, on
the Orange grounds.

The Santa Ana Polytechnic and Full-
erton Union High School teams are
primed for their battle on the Poly
grounds here tomorrow afternoon. It
will be the first league game for the
two schools.

Coch Smith of Poly believes that
he has in young Burke a man capable
of hurling the locals to victory against
the Oil Drillers. Coach Culp of Full-
erton is equally confident that his two
heavies, Brownfield and Pickering,
will be sufficient to cop the bacon from
Santa Ana.

A large attendance is expected at to-
morrow's game.

ADM. WINTERHALTER IS SCIENTIFIC BESIDES BEING FIGHTING MAN

WASHINGTON, April 20.—When
on his first long cruise after leaving
Annapolis, Admiral A. G. Winter-
halter sailed on a Friday, "crossed
the line" on Friday, and arrived on
Friday.

But it bore no fruits of misfortune.
Today Admiral Winterhalter has just
relinquished supreme command of the
U. S. fleet in the Asiatic after a most
successful regime. He is slated for
even more responsible duties in the
near future.

When the United States took over
the Hawaiian Islands in 1898, it was
Winterhalter, then flag lieutenant,
who hoisted the stars and stripes over
the new territory.

Besides being a fighter, the Admiral
is a man of the highest scientific and
literary attainments. When the navy
established its new naval observatory
at Washington, Winterhalter was se-
lected to make a tour of all European
observatories and scientific institu-
tions to assist in designing the new
plant.

Probably the most accomplished
linguist in the navy, Admiral Winter-
halter speaks or reads within one of
a dozen languages.

HOIST JUDGES' SALARY \$1,000

Today a bill passed the assembly at
Sacramento under which, if it be-
comes law, the salary of each of the
superior judges of Orange county will
be raised from \$4000 to \$5000 a year.
The bill was a general bill classifying
superior judges in various coun-
ties, and had nothing to do with the
Orange county government bill intro-
duced by Assemblyman Burke.

Under the general bill that passed
the assembly today Ventura and Or-
ange county judges have their salar-
ies fixed at \$5000 a year each, and
Imperial county's judge has his sal-
ary raised to \$4000. Under the state
law half of a superior judge's salary
is paid by his county and half by the
state.

DR. AND MRS. BALL TO ATTEND WEDDING OF SON AT BERKELEY

Dr. and Mrs. C. D. Ball departed for
San Francisco this afternoon. On
April 23 at Berkeley they will attend
the wedding of their oldest son,
Charles Ball, to Miss Margaret Weeks,
of Berkeley.

Charles Ball is a graduate of the
Santa Ana High School. Miss Weeks
is a graduate of the University of
Southern California.

RED CROSS BODY TO BE LAUNCHED TONIGHT AT MOTHER COLONY

ANAHEIM, April 20.—A meeting
has been called for tonight at the Fre-
mont school to perfect the organiza-
tion of an American Red Cross chap-
ter in this city. Mr. Alvin M. West,
who is connected with the Red Cross
Society in Los Angeles, will be present
and give a talk along the splendid
work being done by this organization.
Aside from this a fine program has
been arranged.

ANAHEIM BOY SCOUTS MOVEMENT MAKES GAIN

ANAHEIM, April 20.—The Boy
Scouts held a rousing meeting in the
rooms of the Y. M. C. A. on South
Philadelphia street. Fifty-three boys
were present and signified their inten-
tion to become members of the Scout
organization. A large number of the
boys had learned the Scout oath and
Scout laws, and are now working on
the history, customs and usages of the
American flag. Another assignment
for the next meeting is to be able to
tie and explain the uses for eight
knots. Contests will be held later to
develop skill in tying and untying
knots in ropes.

There are now enough boys inter-
ested to form two full troops of Scouts
with three patrols of eight Scouts
each and also a Cadet patrol for boys
under 12 years of age.

AUTOS IN CRASH

ANAHEIM, April 20.—A heavily
loaded San Diego stage going East on
Center street ran into a Dodge car
which was going North on Lemon
street, damaging the running board
and mudguards and breaking a rear
wheel. The bus was No. 624, driven
by C. A. Ruiz. The Dodge belonged to
Guy Evans of Fullerton and was driv-
en by Roy Sordis, his partner. Ap-
parently the brakes on the stage
failed to work.

BAD COUGH? FEVERISH? GRIPPY?
You need Dr. King's New Discovery to
stop that cold; the soothing balsam in-
gredients heal the irritated membranes,
soothe the sore throat, the antiseptic
qualities kill the germ, and your cold is
quickly relieved. Dr. King's New Dis-
covery has for 48 years been the standard
remedy for coughs and colds in thousands
of homes. Get a bottle today and have
it handy in your medicine chest for
coughs, colds, croup, grippe and all bron-
chial affections. At your druggist's, 50c.

THEOSOPHICAL MEETING
Charles Hampton of Los Angeles
will speak for the Santa Ana branch
of the Theosophical Society this eve-
ning at 7:30, corner of Eighth and
Bush streets. His topic will be "Super-
man or the Master." All are welcome.

CHIMNEY AFIRE
ORANGE, April 20.—An alarm from
the D. C. Drake home, 1026 East
Chapman avenue, called out the Or-
ange fire company. A small fire had
been communicated to the chimney
of the house but was not of serious
proportions.

ATTENDS CONFERENCE
ORANGE, April 20.—William Dyer,
president of the Orange high school
student body, is at San Jose attending
a three-day conference of student
body presidents from various Califor-
nia high schools.

BURGLAR STEALS SHOES, KNIVES AT STANTON

Store Is Entered By Thief,
Possibly Same Who Has
Been Active

Last night a burglar, possibly the
same one who has broken into stores
recently at Olive, Placentia and Buena
Park, broke into E. F. McKibben's
store at Stanton, and got away with
six pairs of shoes and about a dozen
pocket knives.

The thief broke the glass out of a
front door for entry, and went out the
rear door, which was locked from the
inside. Deputies from the sheriff's
office made an investigation.

LA HABRA STRIKE IS AVERTED AS INCREASE IN WAGES IS ALLOWED

LA HABRA, April 20.—La Habra
solved the Mexican strike situation in
a most practical way. The Mexicans
asked \$2.50 per day for work in the
orchards. The merchants, ranchers
and packers put their heads together
and decided it was impossible for
anyone to live on \$1.25 per day. In
consequence, the Mexicans are get-
ting \$2.50 and the wages of white em-
ployes in the packing houses have
been raised in proportion. At one
stroke the problem of workmen vs.
H. C. of L. has been solved.

DIES OF THROAT MALADY
FULLERTON, April 20.—Joseph
Ring, for eleven years a resident of
this city, died at his home here. Death
was caused by an affliction of the
throat. Deceased was 68 years of age.
Funeral services were held from the
residence at 2 o'clock this afternoon.

Prof. Donaldson of the Fullerton
Union high school will give a lecture
at 7:30 tonight at Jefferson school, to
which the public is invited. The lec-
ture will be on Japan and will be illu-
strated with beautiful stereopticon
views of scenes in Japan. The slides
were hand-painted by Jap artists. Prof.
Donaldson passed three years in that
country and is well versed on the
habits of the natives and the condi-
tions obtaining there.

ANAHEIM MAN DIES
ANAHEIM, April 20.—Geo. Osher
passed away at his home at the age of
76 years after a short illness. Mr.
Osher has been a resident of Anaheim
for four years, coming here in Janu-
ary. Funeral services were to be held
this afternoon.

RIO JANEIRO'S VOGUE OF SHAVEN UPPER LIP IS BLAMED ON MOVIES

RIO DE JANEIRO, April 20.—The
shaven lip, heretofore an undisputed
mark of the clergy, the stranger or
the "effeminate," is coming into fash-
ion in this city. The barbers attrib-
ute the new style to North America
and declare the fad is fostered by the
American moving picture shows which
are monopolizing the playhouses here.

Tustin Department

What the Merchants
Have to Offer You

WALNUTS AND COTS ARE GOING TO HAVE EXCELLENT CROPS

Large Amount of Vegetables Are Being Grown Between Rows of Trees

There is evidence at this time of a fine crop of walnuts and the apricots trees are loaded with fine fruit.

All around Tustin it is plain that people have been busy planting garden stuff. Between the trees potatoes, beans, onions and other garden stuff are fast coming up and Tustin is not at the point of starvation yet.

This section is doing well in its share of keeping up the food supply.

INTERESTING REPORT GIVEN TO SOCIETY

A meeting of the Young Ladies' Missionary Society of the Presbyterian church was held in the church last Sunday afternoon. The work of the society is progressing satisfactorily. An interesting report of the young people's part in the annual Presbyterian meeting was given by Miss Grace Hatfield.

CHAMBER OF COMMERCE

The regular meeting of the Tustin Chamber of Commerce will be held next Tuesday evening at the school house.

NERVOUSNESS AND BLUES

Symptoms of More Serious Sickness.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. ROBT. STOPEL, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

EDITORIAL

THE FLAG OF MY COUNTRY

Here's to the flag of my country,
The flag we should all love so true,
The flag with its soft blended colors
The Red, the White and the Blue.
May its stars ever shine out like diamonds,
While its stripes stand for peace
and for love,
May the whole seem a blend of God's rainbow,
As it floats on the breezes above.

Here's to the flag of my country,
The emblem of peace and of right;
With love in our hearts we do homage
As we gaze on its colors so bright.
May it always be an emblem of freedom,
As it floats o'er land and o'er sea;
The flag of one people, one nation,
The flag of the brave and the free.

Here's to the flag of my country,
No north, no south, east or west;
The flag of the grandest of nations,
The flag true Americans love best.
Up high with your shouts and hosannas—
The flag floats for me and for you,
Here's to the flag we should cherish—
"Old Glory! the Red, White and Blue."

—J. C. Glassford.

MISSIONARY SOCIETY MEETING THURSDAY

The monthly meeting of the Tustin Presbyterian Missionary Society was held Thursday afternoon at the church.

The meeting opened with the president, Mrs. P. H. Ebel in the chair. In response to the roll call, each member reported the number of ladies she had invited to the meeting.

Mrs. Ebel gave an interesting report of the last Presbyterian meeting held in Los Angeles on the first Monday of the month, giving a good many amusing as well as instructive incidents as related by the speakers there. A description of the new rest home for missionaries to be built at Eagle Rock, near Los Angeles, was given. Mrs. Hollis Lindsey was appointed delegate to the next meeting of the Presbyterian.

Motion carried to invite Dr. Irvin, returned missionary from Siam, to speak at the next meeting of the Tustin society on the third Thursday of next month.

The meeting was then turned over to Mrs. Lindsey and Mrs. Allen, the subject being: "India." Mrs. Allen read two intensely interesting letters from native Christians in India. A duet was sung by Mrs. Arthur Lindsey and Mrs. Vera Smith, accompanied by Mrs. H. O. Kaiser. "Scattering Precious Seeds by the Way." Rev. W. S. McDougal gave a short address on the changes that are taking place in the history of the Jews and the prospects of their going back to Palestine.

Tustin Presbyterian
Sunday School 9:45; morning service 11 o'clock. Christian Endeavor 6:30. Evening service 7:30.

The tusks of the African elephant sometimes weigh as much as 100 pounds each and reach a length of eight or nine feet.

FIRST SHIPMENTS OF VALENCIAS TO BE MADE SHORTLY

Tustin Hills Citrus Association Is Making Some Improvements

Things are rather quiet around the packing houses at present. The navels have all been shipped and work on the Valencia crop will not begin before the first to the fifteenth of May.

At the Tustin Hills Citrus Association packing house they are putting in a new washer and working over the grading table at this quiet time between seasons.

The Lemon Association shipped two carloads of lemons this week and four carloads last week.

COREOPSIS CLUB HOLDS ITS REGULAR MEETING

The Coreopsis Club members held their regular meeting Wednesday afternoon, at the home of Mrs. J. D. Howes. Lovely roses were used to beautify the rooms. All the members were present but one and there were several guests. Everyone was busy with needle work and at the same time a pleasant social time was spent.

Later in the afternoon the guests were invited to the dining room where patriotic decorations prevailed. U. S. flags were used as decorations and tony flags were worn by the guests and they also decorated the delicious salad.

Those present were Mrs. Jack King, Mrs. E. E. Smith, Mrs. Charles Lambert, Mrs. Edith Matthews, Mrs. H. E. Matthews, Mrs. Ann Swartz, Miss Ethel Alderman, Mrs. Alton Alderman, Mrs. Dick Morton, Mrs. Claud Norton, Mrs. Hart, Mrs. George Prather, Jr., and Mrs. Quincy Page were guests.

LITERATURE SECTION HAS PLEASANT AFFAIR

The regular meeting of the Tustin Literature Section was held Tuesday afternoon with Mrs. G. W. Hubbard, at her pretty home on Third and A streets. This home, with its well-kept surroundings, pretty situation and lovely flowers, is always a pleasure to passers-by and visitors.

There were nine members and one guest present.

The afternoon was given to magazine articles such as a story of Brand Whitlock in his boyhood and something of the life of Harold Bell Wright, "Vegetables grown in the dark" and the sugar industry in Cuba. A pleasant social hour was enjoyed during which dainty refreshments were served.

THE PLAY TONIGHT

Ernest Crozier Phillips' play "Limpy" will be given tonight in the Tustin school auditorium and those who go are sure to be enjoyably entertained. In addition to the play a number of readings and quartet music will be given.

The many friends of Mr. Phillips will be glad of the opportunity to see his first play in his home town.

A STRANGE CASE. Blood Turned to Water

Oakland, Cal.—"My sister-in-law was poisoned, her blood turned to water, the doctors gave her up, said she could never be cured. She finally took Dr. Pierce's Golden Medical Discovery which cured her. We consider it a miracle."

"I have had six operations which left me in a nervous state, with loss of sleep and appetite. I commenced using Dr. Pierce's Golden Medical Discovery and Pleasant Pellets. My general health commenced to improve after the first bottle. I took six bottles and was cured, gained 30 pounds. I wish to give Dr. Pierce the highest endorsement for his remedies."—Mrs. MAE TRUDOW, 801 26th St.

Many California people need this powerful vegetable remedy that puts the stomach, liver and bowels in fine condition; that clears the skin of pimples, rash, blemishes, and eczema; that dissolves boils and carbuncles; that makes nerves stronger and steadier, and gives to pale, weak, run-down people the fullest measure of health and happiness.

Dr. Pierce's Golden Medical Discovery, free from alcohol or narcotics, does just what is stated above, simply because it banishes from the blood all poison and impure matter. It dissolves the impure deposits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

If you have a bad cough, bronchial nasal or other catarrh, unsteady nerves or unsightly skin, get Doctor Pierce's Golden Medical Discovery to-day and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigorous action.

All medicine dealers can supply you in either liquid or tablet form or send 50 cents for trial box of tablets to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y. Write for free booklet on blood.

TUSTIN PERSONALS

Misses Ruth and Geraldine Beach were guests of Mrs. Harry Brookbank last Friday.

Mr. and Mrs. S. H. McCullough of American Falls, Idaho, were guests of Mr. and Mrs. N. S. Long this week. They have been touring California for the past three months. They will return home by way of San Francisco and Portland, Oregon.

Miss Nellie Bliven left Tuesday for a short visit to Riverside, after which she will return to her home in the east.

Mr. and Mrs. N. S. Long will visit their daughter, Miss Louise Long, on Saturday, in Los Angeles.

Miss Grace Cosner visited friends at Fillmore last week.

Charles Moore spent last Saturday and Sunday in Los Angeles.

T. R. Overton and C. C. Cozad were visitors to Hemet last Friday.

Miss Grace Height spent part of vacation week in Los Angeles.

Mr. and Mrs. Art Rudolph, Mr. and Mrs. J. Cantley, of Lompoc, and Miss Minnie Chelson of Los Angeles, were guests of Mr. and Mrs. C. H. Cooley last Sunday.

Mrs. Harvey Rither has returned from a month's stay at the Good Samaritan hospital in Los Angeles very much improved in health.

Mrs. W. J. Saunby was a visitor to Los Angeles Tuesday.

W. B. Squires, of Modesto, was a guest of Mrs. C. Squires and family last Saturday till Monday.

Ed Squires and Noah Robertson visited Owensmouth on Monday, going from that place to Ventura by automobile on Tuesday.

P. H. Bergquist and F. G. Courrier spent the day fishing at Newport Beach.

Mr. and Mrs. Joseph Deardorf, whose home is in Missouri, are visiting Mr. and Mrs. Clyde Deardorf and other relatives.

Mrs. R. L. Eddy, who has been visiting friends in Tustin and Santa Ana, returned to her home at Elsinore on Thursday.

Mrs. Ollie Boggs and Miss Lulu Galloway, of Nebraska, who have been spending the winter at Long Beach, were guests of Mrs. S. W. Suddaby this week.

Mr. and Mrs. W. L. Lowe, of Los Angeles, were dinner guests of Mr. and Mrs. F. G. Courrier last Thursday.

Mrs. F. G. Cousins and Miss Minnie Johnson have gone to San Gabriel to visit the Mission Play tomorrow.

E. J. Cranston, now of Hemet, was guest of Mr. and Mrs. F. G. Courrier last Wednesday night.

ADMIRAL M'GOWAN IS MAN WHO KEEPS NAVY IN HOUSEHOLD GOODS

WASHINGTON, April 20.—The man who supplies the fleet with its vast quantities of "housekeeping supplies"—food, fuel and other stores—is Admiral McGowan, chief of the bureau of supplies and accounts.

The navy names him as the man who has made "a smoothly running military machine, of the great supply system. Under his regime great strides have been made in furnishing the fleet at an instant's notice with all needs for any task. He is the business side of the navy, which calls for sound business judgment. He was selected for the post because of his "remarkable efficiency" as fleet paymaster.

McGowan is one of the best looking men in the navy. He has the strength and forcefulness of a giant, weighs about 200 solid muscled pounds, has a voice like a bull and is as democratic and companionable as a politician running for office.

UKULELE INVENTOR ON U. S. TOUR LOOKS OVER HAWAIIAN TUNE RAGE

SAN FRANCISCO, April 20.—Manuel Nunes is getting a chance to see what he quite innocently started.

Nunes, a Portuguese who for years has lived in the Hawaiian Islands, was the inventor of the ukulele. From an obscure and struggling musician, Nunes has, in a few years, leaped to fortune and fame.

He has arrived in San Francisco and will travel about the United States to look over the spread of the ukulele and Hawaiian music craze.

Some years ago Nunes started making ukuleles as a substitute for the ancient Hawaiian instrument and his invention was at once adopted by the natives.

HUNDREDS SEEKING TO BE RESERVE OFFICERS

SAN FRANCISCO, April 20.—That between 60 and 100 applications for commissions in the officers reserve corps are being received daily at headquarters was the announcement made by Lieut. G. H. Callum. An extra force of clerks is being kept busy constantly handling the detail work of the applications and forwarding them to Washington.

Expectations at headquarters are that the reserve officers training school will be opened at the Presidio about May 1, although no official notification has been received. After three months of training in this school the officers will be given commissions and assigned to commands in the American army of 500,000 which President Wilson plans to raise.

FAREWELL SURPRISE PARTY IS GIVEN TO DEPARTING FRIEND

Miss Nellie Bliven, who left Tuesday for Riverside, and from there will return to her home at Grinnell, Iowa, was given a farewell surprise party on Monday night by her friend, Mrs. John Kiser. Miss Bliven was invited to supper and one by one her friends came trooping in, giving her a genuine surprise and pleasure.

The evening was spent in merry games and conversation. The honoree was given much amusing advice about her conduct on the journey and in the future. The hostess served tempting refreshments.

Those present were Misses Nellie Bliven, Margaret Tingley, Gertrude Utt, Dorothy Utt, Lydia Gaby, Orla Fitch, Grace Hatfield, Grace McCarthy, Ethel Alderman, Lena Ebel, Ella Ave, Clara Thorman, Mr. and Mrs. Franklin Grisct, Mr. and Mrs. Dudley Kiser, Mr. and Mrs. Grant Holford, and Mr. and Mrs. Henry Ebel.

TUESDAY AFTERNOON MISSION SOCIETY IS TO HOLD A MEETING

The Woman's Home and Foreign Missionary Society of the Advent Christian church will be held next Tuesday afternoon with Mrs. LaDieu, at the parsonage.

INTRODUCE NEW BRAND OF SWANK IN BRITAIN

LONDON, April 1 (by mail).—War economy, adjoined from the cabinet councils, the pulpit and press has brought out a new brand of swank in London. Swank, in the best West End English, means show or display.

The new display is a negative one; people boast of what they do without. Harrow school boys had themselves photographed at the lowly job of digging a potato patch, some of them wearing silk hats. Swank!

An English earl announced that he hasn't had a new suit since the war began. More swank!

Ordinary citizens write to the newspapers announcing their new bills of fare from which meat is missing. Still more swank!

One newspaper accused a theatrical manager of swanking when he announced that his musical show had cost less to produce than any other show in town.

But that wasn't swank, at all. That was advertising.

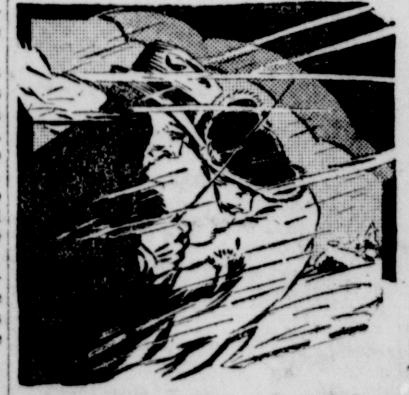

PACIFIST MUNITIONS MAKER IS DRAFTED

LONDON, April 20.—S. H. Thomas, an Australian, living in London, will be called to the colors May 6, for garrison duty abroad, despite his conscientious scruples against killing Germans.

As manager of a metal company Thomas sold tons of material for the munition factories, but his conscience didn't bother him.

"I admit taking a profit from munitions which are intended to kill people," he said, "but I entered the business as a boy when there was no war." That ruined his chances before the military tribunal.

Conscientious objectors whose scruples against killing are recognized by the military authorities are no longer compelled to work as direct war auxiliaries. But if they are called up they must participate in some work of national importance.

Cold weather aches follow exposure. Soothe and re- lieve them with Sloan's Liniment, easy to apply, it quickly penetrates without rubbing. Cleaner than mussy plasters or ointments, does not stain the skin.

For rheumatic pains, neuralgia, gout, lumbago, sprains, strains, bruises and stiff sore muscles, have Sloan's Liniment handy.

At all druggists, 25c, 50c. and \$1.00.

GARDEN GROVE BUSINESS MEN HAVE MEETING

Splendid Addresses Delivered At Gathering Of Entertaining Citizens

GARDEN GROVE, April 20.—The entertainment given by the Business Men's Association at the school auditorium Friday evening, April 13, was enjoyed by a large and enthusiastic audience. The opening number on the excellent and well arranged program was a piano solo, beautifully executed by Miss Muriel Arkley. The welcome address by the president, F. Herbert Cloyes, did indeed extend the hand of welcome to each and every one, blending the ties of friendship between the business men and the ranchers.

"The association is not an exclusive organization," said he. "Our meetings are always open to the interested public. It helps out any worthy cause beneficial to our town. A community regardless of size, must have some one to look after civic matters. Some one must be at the helm or the ship will go on the rocks. We are proud of our little town, which we have seen develop from one corner store to a city of bustling business and enterprise.

"The advancement of new ideas, the formation of a walnut association, citrus association, bean association and a packing house for various products of the soil have developed in quite recent years and the business of the town has kept abreast of the improvements.

CHAUTAUQUA TICKETS

Col. Finley, chairman of the ticket-selling committee of the Santa Ana Chautauqua, will be at the Garden Grove drug store to-night at 7:30 with season tickets and reserved seats for sale, for the Chautauqua.

The association has given its support to all undertakings and is ever ready and willing to foster any movement for the advancement of our town, its schools, churches, roads and natural beauties. We have striven for many improvements, some of which have been realized, and by the hearty cooperation, which we invited, of the entire community, we hope for still greater results. By harmonious cooperation we may advance commercially and socially. Any individual, town, city, state or nation must either progress or retrograde. Our watchword is 'Onward.'

"Many wonderful plans lie dormant in the minds of those present here to-night, which, when properly exploited will be the making of this community. Some of the things accomplished in the one year's life of the association are: without any additional tax rate the city's lights were increased 33 per cent and all the lights improved by center suspension and greater voltage. We aided in the lowering of the Pacific tracks. Through the generous cooperation of Crosby Brothers and J. Allen Knapp, a sidewalk was constructed from the school property west, insuring safe passage for the pupils to and from school.

"Through the cooperation of J. C. Mitchell, road supervisor, and the County Supervisor, a path was constructed connecting this with adjacent sidewalk leading to town. Signs warning motorists of dangerous corners and approach to our school have also been installed. Some things can be accomplished by individuals, some by associations, but the truly great things can be done only by the concerted action of the entire community.

The Orange County Y. M. C. A. Male Quartet rendered two selections. The management was fortunate enough to obtain the assistance of these talented young men.

Community Ideals

In the twelve-minute address by Rev. O. W. Reinius, he discoursed in his usually scholarly way upon "How May a Community Realize Its Social and Intellectual Ideals?"

"A community must first have ideals," said he. "Not every community has. Some things come to pass without purpose. Some things grow without effort, not, however, the best things, either for the individual or for the community. We do not happen upon greatness or goodness and any community that attains achievement in social and intellectual things must deliberately set its face in that direction.

"Not every rather indifferent wish of ours can be honored with the name 'Ideal.' A very necessary achievement in every community is the development of a community conscience and the finding of some task or purpose sufficiently large and compelling to mold the community into a unit. There is always in society a centrifugal force stronger than the centripetal, unless a common bond be found. Cliques are pestiferous wherever found, in any form of society. Yet every community has them. Every community that hopes to approximate its best and come to any large achievement must engage in something so big and compelling as to make cliques impossible.

"Occasions like this one, community days, community celebrations are all national and holiday occasions such as Memorial day, Fourth of July and Christmas are monuments in the right direction.

"Good schools are a necessity. We have them. Libraries are needed, something must be there. The intellectual must be cultivated. We cannot say to our children, 'You get an education while I do other things.' We determine the intellectual standards of our community by what we are and if we say by word or action that intellectual matters shall have a secondary place with us, a secondary place they will have in the community.

"Nothing can be expected of any propaganda that is not tremendously personal. Movements run only as they run on men. The vicarious principle must always be active if the best is to grow and here in this community achievement in ideals can only become possible as you give, something more than money, equipment and opportunity.

ity, yourself. You determine the outcome by what you are. It is for you to say whether this community is to be come what you wish it to be socially or intellectually by being that yourself. You develop the atmosphere and climate. Anything becomes possible then."

A reading, "My Courier," by Clarence Strong, showed careful training along elocutionary lines.

The violin solo by Irvine German, Miss Muriel Arkley, piano accompanist, was greatly appreciated. He is a talented violinist. A reading, "The Borrowing Neighbor," by Mrs. John Jentges, in her unique role of country woman, was full of fun for young and old. Miss V. M. Adland, Miss Arkley, accompanist, sang most charmingly, "The Blue Bird."

Another Address

The address of Rev. Geo. A. Francis was given in a genial and jovial manner. He spoke on the possibility for Garden Grove of creating and maintaining high ideals in community life. He said in part:

"Each of us should have an ideal for personal conduct. Our homes, schools, churches and also for our communities. It should be a worthy one. We would say the very best that is possible. Only those who occupy our insane institutions or are not far from them, are wholly without ideals. Our danger is in holding an ideal that lacks merit, or else so narrow that it only takes cognizance of some of the interests of the community, instead of capturing them all. Our conception should be for the best homes, schools, churches, commercial life and community conditions that are available. Coupled with such an ideal should be a workable program, and this should be backed and supported by a competent organization by which such ideals would be materialized in the experience of our village.

"The civic, social, religious and educational life can and should be, a synonym for excellency. The boy and girl life of our community needs and deserves to have the opportunities and possibilities of such an environment as is herewith expressed. Here we have a rare location, charming climate, first-grade soil, beneath which exists an abundance of good water. These things, together with our splendid citizenship, which we have learned to trust and respect, should not fail in giving to Garden Grove its own ideal."

Mrs. H. G. Houghton gave an Italian reading and was most enthusiastically enjoyed.

Mrs. F. Herbert Cloyes, who is ever and always welcomed by an audience, rendered "May Time" and in answer to an encore responded with another rendition, and all were charmed by the sweet melody.

The community was fortunate in securing the services of a bugler of note, Aubrey Stacy, Corporal General Service Infantry, of Los Angeles, who gave the army call. The program closed by the audience rising and joining in "America." The audience was then treated to waters and ice cream. The expressed appreciation by the audience throughout the entire program shows the success of the undertaking and reflects great credit upon the management of the Business Men's Association.

WINS CONTEST

Claud Preston, nine years old, of Cypress, son of Mr. and Mrs. J. L. Preston and a grand nephew to Mr. and Mrs. J. D. Price of Garden Grove, won the Grand Gold Medal at the W. C. T. U. contest at the Anaheim Union high school building Tuesday night, April 17. He won the silver medal at Stanton, May 11, 1916. On Nov. 14, 1916 he won the gold medal at the Centralia school. Last month he was one of the competitors for the Grand Gold Medal at Fullerton, being the only time he has ever failed to win the honors. At that time he won the decision of two of the judges but the third had the high school pupil of Pasadena marked so high she walked off with the honors, leaving Claud a close second. There remains but one more medal for which he will be eligible to compete, i. e.: the Diamond medal. He expects to try for it. He recites the "Jeremiah" prohibition selections. He is not a precocious child but one who has talent and a mother who has recognized and developed it. He will recite the selection which won the Grand Gold Medal, May 4, at the entertainment given by the local Women's Home Missionary Society at the Methodist church.

CHURCH NOTICES

Baptist Church—10 a. m., Sunday school; 11 a. m., regular preaching service; "Your Picture Taken by An Honest Photographer;" 3:30 p. m., Junior B. Y. P. U., address by pastor, "The Advantage of Starting Life Right When We Are Young;" 6:30, Senior B. Y. P. U.; 7:30, regular evening preaching, subject: "Retribution For Abusing a Helpless Neighbor." Tuesday, April 24, the subject at the weekly Bible class will be: "The Great European War in the Field of the Old Testament Prophecy." A series of views (stereoscopic) on views of Antiquity will be put on the screen at this service. Rev. Geo. A. Francis, pastor.

Methodist Church—Sunday school at 9:45, morning worship 11 a. m., sermon subject, "The Life Beautiful;" Epworth League 6:30 p. m. Evening service 7:30 p. m., subject "The Question of a Margin, or How Much Reserve Do You Carry." Rev. O. W. Reinius, pastor.

Free Methodist Church—Sunday services: 10 a. m., Sunday school; 11 a. m., sermon by pastor; 12 m., class meeting; 7:30 p. m., sermon by pastor. Mid-week prayer meeting and Bible study Thursday, 7:30 p. m. Rev. George A. Anderson, pastor.

EUCALYPTUS OIL

Dr. M. C. Heron, manufacturer of eucalyptus by-products, with main offices at 238 West Jefferson street, Los Angeles, was in town Tuesday making his annual tour of this section. He visited the local eucalyptus plant.

There are 150 distinct varieties of the eucalyptus gum of which there are only twelve in general use.

LOYAL HELPERS

The "Loyal Helpers" Sunday school class, Prof. S. R. Fitz, teacher, were entertained Tuesday evening in their

regular once-a-month meeting at the home of Mr. and Mrs. Frank Anderson. Devotionals were led by Rev. O. W. Reinius. After the usual business routine, the president, Mrs. George R. Reinius turned the meeting over to the entertainment committee. The opening number was a piano solo pleasingly executed by Mrs. Frank Winters. A beautiful soprano and alto duet by Mrs. Emmett Smith and Mrs. Frank Anderson was then given. Miss Virginia Sandman, ten years old, gave a reading "Entertaining Big Sister's Beau." Warren A. Wheeler taking the role of beau, and was enthusiastically enjoyed, but would not respond. Little Edith McVoy gave "My Baby Brother" quite as a tot would read it. Miss Lola Duval gave a vocal solo which was greatly enjoyed by all. Mrs. H. G. Houghton gave two Italian selections in her inimitable style. Mrs. Boley read "Miss Spicer's Toboggan Slide." The remainder of the evening was spent with games. At 10 o'clock the hostess, assisted by Mmes. Sandman, Morrell and Baum served delicious refreshments, after which the club adjourned to meet for the May party at the home of Mr. and Mrs. Clarence Crosby.

GROVE NOTES

Mrs. John Sandman entertained informally Wednesday evening, the guests were Mr. and Mrs. V. Earl Baum, Mr. and Mrs. Earl Butler, Mr. and Mrs. Frank Anderson.

Mr. and Mrs. Charles Cleveland of Santa Paula visited over Sunday at the home of his brother, Frank B. Cleveland.

Mrs. M. E. McKee and son Charles and wife went to Capistrano Saturday for a few days visit with her son Roy, who is taking treatments at the hot springs.

Those who attended the W. C. T. U. convention at Anaheim Tuesday were Mrs. W. B. Harper, A. J. Chaffee, J. T. Watson, G. A. Francis and Nelson Cook.

Mrs. M. T. Thorn of Anaheim came over Saturday to visit her sister, Mrs. Roy McKee. She returned home Monday.

Mrs. Nate Dundston and Miss Dolie Starkey were Los Angeles business visitors Wednesday.

P. M. German installed a luminary screen in the Baptist church Thursday for use in presenting views illustrating the lecture to be given by the pastor Sunday evening and for any succeeding views which may be given.

A bouquet of gorgeous Columbine, grown on the J. Vern McConnell Minore chicken ranch, which was shown by Mrs. Everts at the Tuesday Afternoon Club in response to roll call of "California Wild Flowers," won first prize in miscellaneous display at the Orange Flower Show on Wednesday. Mrs. F. H. Cloyes was one of the judges.

Harris Watson, who has been spending his two weeks vacation with his parents, Mr. and Mrs. J. T. Watson, sails Saturday from San Pedro for San Francisco where he embarks for Alaska. He is wireless expert for the Consolidated Canneries Co., and will remain during the salmon canning season, which is from three to five months. They anticipate a five months season this year. Mr. Watson has charge of their wireless system.

Mrs. Hazard and Mrs. Deakins of Santa Ana spent Tuesday at the home of Mrs. S. D. Brintlinger.

Andrew Calhoun was on the streets with his uniform, of which he is very proud, presented by Uncle Sam. He was accepted for service at the recruiting station in Los Angeles.

OFFERED SCHOOL HEAD JOBS, SOLON PREFERS TO BECOME LAWYER

SACRAMENTO, April 20.—Not all legislators are lawyers but they get that way pretty soon. Assemblyman Dan Williams of Chinese Camp came here a school teacher. This week he was offered the principalship of the Riverbank school and the school he formerly taught at Big Pine. He turned down both offers. He has been studying law and will take the bar examination as soon as the legislature adjourns.

"TIZ" FOR TIRED PUFFED-UP FEET

Instant Relief For Sore, Aching, Tender, Calloused Feet and Corns

"Pull, Johnny, Pull!"

You're footsick! Your feet feel tired, puffed-up, chafed, aching, sweaty, and they need "Tiz."

"Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, callouses and bunions. "Tiz" is the greatest foot-gladdener the world has ever known.

Get a 25-cent box of "Tiz" at any drug store and end foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.—Adv.

INSURANCE (That's All) O. M. Robbins & Son 402 N. Sycamore St.

GARDEN GROVE NEWS BUDGET

GARDEN GROVE, April 18.—Sunday dinner guests at the home of Mr. and Mrs. Ernest Fulson were Mrs. J. O. Fulson and daughter, Miss Eva, and son Leslie, and Dr. and Mrs. H. A. Fulson and son Craig of Los Angeles.

Bennie Houghton and Miss Mamie Burton of Los Angeles were Sunday dinner guests at the home of Mr. and Mrs. C. K. Lee.

Aubrey Stacey of Los Angeles, corporal, General Service Infantry, recruiting under call for volunteers for the war only, was in town Saturday and left data with Postmaster F. C. Thompson.

George Head left for Los Angeles Tuesday on business. From there he goes to Pomona. He will be away during the remainder of the week.

John Jentges and family and Warren A. Wheeler and family picked up in Orange County Park Sunday.

Dr. and Mrs. O. O. Young, Mr. and Mrs. Clarence Crosby, Mr. J. Steele and Mrs. H. Boley were entertained at the Nelson Cook home Monday evening.

Misses Olive Newcomer and Ethel Archers, members of the school faculty, attended the operetta "The Gypsy Queen" given at the Union High School, Anaheim, Monday evening.

Mrs. W. B. Harper, president of the local W. C. T. U., is in attendance at the convention being held in Anaheim Tuesday and Wednesday.

C. A. Emerson and E. R. Schneider attended the "Jack Knife Club" at Anaheim Monday evening. This club is composed of the hardware merchants.

No doubt in the near future a flagpole will grace the corner at the intersection of Euclid and Ocean avenues, and the woodpile, where will be relegated the "flaming" barrel, will come into its own.

Irvine German went to Los Angeles Tuesday to apply at the recruiting station for enlistment. If accepted he will apply for a position as musician. He is talented and accomplished, performing on several instruments. On the violin he executes with ease most difficult selections by noted authors.

John Mitchell and family and Mr. and Mrs. Austin Read, spent a most delightful day Sunday with friends in Long Beach.

F. Herbert Cloyes, wife and Miss Susan, of Long Beach, and Mr. and Mrs. W. E. Hennion and guests, Mr. and Mrs. H. W. Johnson spent Sunday at Laguna.

Those who attended the convention at Anaheim Saturday were Mmes. J. G. Dunn, T. H. Cloyes, W. E. Hennion, C. M. Evans, R. Fay, H. C. Downs, S. R. Fitz, J. O. Arkley, and Miss Archer.

Along with the great achievements that have developed nation-wide public good, such as telephones and steam railways, are banking institutions.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful

—Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderrine hair cleanse." Just try this—moisten a cloth with a little Danderrine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderrine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderrine from any druggist or toilet counter, and just try it.—Advertisement.

News of Interest from Wintersburg

WINTERSBURG HEN LAYS LARGE EGGS

WINTERSBURG, April 20.—The ancient fabled story of the hen that laid the golden egg is not more interesting in these days of the high cost of living than one which H. H. Hathaway tells. However, his is not a fable, but a present, up-to-date fact. Among the Hathaway flock of Rhode Island Reds is a hen who has evidently been listening to the neighbors' talk about getting such small packages of food for large sums of money, and decided to do her part to improve conditions by laying larger eggs. Perhaps she was looking into the near future when eggs may be selling singly as are onions and potatoes. Anyway, eggs have been increasing in size since her resolution, and the other day one was found that, at first sight, scarcely could be recognized, it was so large, fully twice the size of an ordinary egg. It measures 8 1/4 inches by 7 5/16 inches and weighs exactly four ounces. Now if the potatoes will kindly take note of this and raise some worth while potatoes, and the onions stop making people cry—because they can't afford them—and grow, country people may yet be able to exist.

WALLOP BEACH BOYS

WINTERSBURG, April 20.—The athletes of the Ocean View school met the freshmen boys of the Huntington Beach high school last Friday in a track meet, and came near carrying off more than half the points. As it was, the grammar school gave the freshmen some idea of what they may have to combat on May 4. Loran Maddux won first place in the 880 yard dash, also in the 440 yard dash. In the 220 yard, 100 yard and 50 yard dash he took second place, tying with Jones in the high jump for second place. Neal Bradbury stood first in the hurdles, Paul Vandruft second. In all, the grammar school won 47 points out of a possible 56, a very creditable showing.

HOLD MANDY JANE SPREAD

WINTERSBURG, April 20.—The

Queen Esther Circle held a meeting at Mrs. A. H. Moore's Tuesday evening which was a combination of business and pleasure. It was announced as a "Mandy Jane Spread" and when all were seated at the table refreshments of corn bread and molasses were served. A program of readings and music was enjoyed while at the table, after which they had a social hour.

Those present were the Misses Fern Bradbury, Ina Clemmens, Cleo Ulrich, Frances Blaylock, Lorena Culver, Viola Walton, Mary Gothard, Eva Murdy, Lizzie Gothard, Ethel Graham and Ethel Gothard.

PERSONALS

Miss Ellen Sharratt returned to Los Angeles Tuesday after an over Sunday night visit with her grandparents, Mr. and Mrs. D. F. Sharratt.

Rev. David Y. Oikawa, pastor of the Japanese Mission went to Pasadena Sunday evening to preach, returning on Tuesday.

Mrs. Nathaniel Walton is enjoying the company of her sister-in-law, Mrs. Arthur Hughes of Pasadena.

Mr. and Mrs. Charlie Graham drove over from Puente Wednesday. Guy Haptonstall, who is to be employed on their ranch, returned with them.

Mrs. R. E. Larter and Mrs. J. F. Patterson of Westminster were visitors Tuesday at the home of Mrs. N. Barton.

Alex Barnes and sister of Santa Ana called on J. A. Murdy and family Wednesday.

The cooking class of the first year high school girls gave a pink and white luncheon on Wednesday, their mothers being the guests.

A meeting of the Home Guards is called for Friday night, at which time organization will be perfected. Two preliminary meetings have been held. About twenty men have taken hold of the movement.

Mr. and Mrs. Harry Huff and son Hal of Orange were guests of Dr. and Mrs. S. G. Huff on Sunday.

Mrs. Horace Moore and two children of San Fernando who have been guests of Hamilton Moore and family for a couple of weeks, returned home Friday.

Mrs. N. E. Dwyer was a Santa Ana visitor on Wednesday.

Mrs. H. Penhall, Mr. and Mrs. Francis Penhall and Merton Penhall visited at the Watrus home in Corona Sunday afternoon.

MASQUERADE SOCIAL IS HIGHLY ENJOYED

WINTERSBURG, April 20.—Several from the Christian Endeavor Society here attended a masquerade social given at the home of Mrs. W. E. Smith's barn, which was decorated for the occasion. After a time the masks were taken off and the evening spent in games. Refreshments of beans, buns and pickles were served.

Miss Lois Smithling, book keeper in the Methodist Hospital at Los Angeles, was here sick with a mild case of diphtheria, in that city, is reported to be recovering very nicely.

About thirty fat cattle were driven from the Reuther place here to Anaheim on Monday morning.

Mr. and Mrs. J. H. McCorkle of San Diego spent the week end at the home of J. J. Pyle, who is Mr. McCorkle's uncle.

Mrs. Claude Shaw is spending a few days with her cousin, Mrs. Thomas Hosack. Mrs. Shaw's mother, Mrs. M. L. True, has been visiting here several weeks while Mr. and Mrs. Shaw have been visiting his relatives in Imperial valley. They expect to return together, in a few days, to their home in Redding.

Mrs. Fowler of Los Angeles spent Wednesday at the ranch.

Mr. and Mrs. Lloyd Edwards of Corona, Miss Lennie Houser and Frank Houser, who spent a week at Corcoran, returned to this place Sunday. Mr. and Mrs. Edwards returned Tuesday to their home in Corona.

Three cows and several calves arrived in a truck Wednesday for the Fowler ranch.

Mrs. H. R. Hansen is boarding a gang of eight Mexican beet thinners who are working for Mr. Ruoff.

Rev. Paul Stevens, of Santa Ana Sunday school field secretary, attended the Presbyterian church Sunday morning. After services he met with the teachers and officers of the Sunday school to arrange for a Sunday school institute to be held here in the near future.

George Maxwell purchased a Max well the latter part of the week.

Lester Fowler, a senior at Berkeley and brother of Elmer Fowler, of this place, has enlisted in the navy, and his brother, Walter Fowler, a lawyer in Los Angeles, qualified for an officer's commission this week.

The subject of Rev. W. T. Wardle's sermon Sunday evening was "A Call to the Colors."

Mr. and Mrs. H. Frost returned Sunday from El Segundo, where they have been spending the week with relatives.

Mrs. Smithling spent Wednesday at Long Beach.

Mr. and Mrs. Dee Campbell and Mr. and Mrs. Clyde Day made a trip to Trabuco canyon the first of the week to investigate the prospects of trout fishing May 1.

Mr. and Mrs. A. J. Waldorf and son Vinton, of Hollywood, were Sunday afternoon visitors at Mrs. Blakey's home. They stated that the old fort recently discovered have been armed by two Germans, with cannon overlooking this city, was on the hill back of their home.

The Anaheim Sugar Company has provided help in the beet fields, this week, for their patrons here. Tuesday, Field Manager Holt guided several auto loads of men to the Hickey place, which is farmed by Mr. McDonald. Some thought it was a funeral procession. The sixty-one men, only eight of whom were Mexicans, are brought in every day. The company has spotted the "I Won't Work" among the Mexicans, and is prepared to have the work done without their assistance.

C. Parr has for a week been going with auto and trailer to Santa Ana, bringing out from eighteen to twenty four Mexicans every morning and returning with them at night. In this way the shortage of help in beet thinning here has been supplied. The school having a vacation to prevent the spread of measles, has given the pupils an opportunity to assist in the field work, which many of them have improved.

The government rain gauge of J. J. Pyle registered 37 of an inch for Sunday night's rain, which was very welcome to the farmers.

Mrs. Smithling's daughter, Mrs. Hughey, of Long Beach, was operated on in Long Beach Hospital Saturday for an abscess in the head back of the ear, from which she has been suffering since last December. She is reported to be resting easily and doing as well as can be expected.

Mr. and Mrs. Orvil Day and children visited Mrs. Day's parents, Mr. and Mrs. John Edwards, Sunday.

Mr. and Mrs. Francis Pehall, accompanied Fred Pope, of Talbert, to Compton Saturday evening to visit Mrs. Mabel Rozelle.

Mrs. Blakey and Miss Leora Blakey spent Thursday at Cordoniz at the home of A. Freeman.

WINTERSBURG, April 18.—A large picnic party numbering thirty-eight composed of the Reuther family and their friends, went to Orange County Park to spend the day. The important event was the dinner, and it was a little different from the usual picnic lunch. Besides the tempting supply of cookery brought by the women, there was beef, broiled over an open fire and served hot. This was a loin from a yearling owned by Fred Reuther.

Grape Nuts

A Food with pleasing flavor and real nourishing quality

Sr. who not only furnished the juicy meat, but cut, cooked and served it. Those present to enjoy the affair were Mr. and Mrs. Fred Reuther, Sr., William, Florence, Lena, Anthony and Fred Reuther, Jr., Mr. and Mrs. Edward Reuther and two children, Mr. and Mrs. Charles Reuther and two children, Mr. and Mrs. W. H. Phillips, Edna and Helen Phillips, Mr. and Mrs. John Franz of Hynes, parents of Mrs. W. H. Phillips; Mr. and Mrs. Johnson, Clarence, Charlie and Lawrence Johnson of Hynes, Mrs. Beuhn, George, Louis and Elsie Beuhn of Norwalk, Louie Cruckenburg of Downey, Miss Irene Sackett of Bellflower, Clinton Garner and brother of Van Nuys, Miss Beulah Gaines and Miss Olive Pardee, both of Hynes, and Mr. and Mrs. Dayton Furnival of Saugus.

Mr. and Mrs. A. H. Moore and Mr. and Mrs. H. O. Ensign spent Sunday afternoon in Westminster. Mrs. Moore and Professor Ensign were members of the program committee of the District Sunday School Association, which had a meeting to arrange for the coming convention to be held in Huntington Beach at the Christian Church early in May.

The Reuther Cattle & Feed Company shipped a carload—about thirty fat cattle to Los Angeles today. They were Mexican cattle purchased in the Imperial Valley two months ago. During these weeks they have been fed on the alfalfa and molasses feed manufactured at the Wintersburg mill, which put them in excellent condition for the market.

Miss Wilson and Miss Laura Wilson returned Sunday evening, and the latter resumed her duties at the Springdale school after a week's vacation. They visited relatives in Riverside and also in Long Beach. On Easter morning, Miss Laura Wilson attended the service on Mt. Rubidoux, and after both were entertained at an Easter breakfast at 9 o'clock. They had a very pleasant week.

The Y. M. C. A. boys were entertained Monday evening at the Haptonstall home, the party being in the nature of a surprise for James Haptonstall. The evening was pleasantly spent socially, the hostess serving refreshments of cocoa and cakes. Those present were Lorin Maddux, John Shutt, George Gothard, Raymond Beam, John Murdy and Frank Draper.

The Bean Growers' Association has signed a contract to fill an order for one thousand bags of beans at 9 cents a pound. This is for next fall's crop.

Mr. and Mrs. Frank Ulrich were in Los Angeles on Sunday.

J. D. Shutt and family were entertained Monday evening at the home of J. H. Maddux.

Miss Ellen Sharratt returned Saturday from a week's visit with Los Angeles friends.

Prof. Horace O. Ensign was a visitor at the county seat on Saturday.

Mrs. Ed Moore and son, Norval Moore, came over from Orange Saturday to spend the day with Mr. and Mrs. Earl Farrar and children.

Mrs. Etta Burgess of Long Beach came Saturday for an extended visit with Mr. and Mrs. Samuel T. Burgess.

Mr. and Mrs. Charlie Graham of Puente were over-Sunday guests of their parents.

Mr. and Mrs. Albert Ruoff and three children and Mr. and Mrs. H. H. Ruoff notored to Los Angeles Sunday to visit a brother of the two men, William Ruoff, and his bride of two weeks.

Miss Mabel Ulrich has returned from a delightful outing at Balboa, where she was the guest of Miss Hazel Knight.

Miss Juanita Hearn, Miss Mary Crane and Miss Floate Crane visited at Puente from Wednesday until Sunday with Mr. and Mrs. Charles Graham.

Mrs. Earl Farrar made a trip to Los Angeles on Friday.

NEW PICTURES HUNG ON WALLS OF SCHOOL

WINTERSBURG, April 20.—The Ocean View school has a half dozen beautiful new pictures to hang on the walls of which they are justly proud. The selection is a choice one, the number including "The Gleaners," "The Angelus," "Christ Before the Doctors," "The Pilgrims," "Stratford-on-Avon" and "Sir Galahad." The pictures are large, all in the black and white tones, and are suitably framed. Three may be seen in the principal's room, and one in each of the other rooms.

IMPORTANT MEETING IS HELD BY Y. M. C. A.

WINTERSBURG, April 20.—The senior Y. M. C. A. had an important meeting Tuesday night at the home of the leader, A. B. Crane. Examinations on the year's study of Master Men was the order of the evening. This was limited to forty-five minutes. The papers are to be sent to the land office in New York city for correction. All who receive a grade of 60 per cent will be rewarded with a diploma. The use of two town lots recently purchased by A. H. Moore from James A. McFadden, has been offered to the boys for a tennis and basketball court. The offer was formally accepted and work on the court will be commenced very soon. The following members were chosen to represent the Wintersburg association at the track meet Saturday in Santa Ana: Frank Draper, George Gothard, Ray Shaffer and Lorin Maddux. Delicious ice cream and cake were served by Miss Crane, which one of the boys said "was the best part of it," referring to the meeting. Ye workers with boys, take notice.

Those present were George Gothard, Frank Draper, John Murdy, John Shutt, James Maddux, Ray Shaffer, Leonard Maddux, Lorin Maddux, A. H. Moore, president, and A. B. Crane, leader.

CHURCH NOTICE

Demonstration —OF— GOODYEAR TIRES Saturday April 21st, 1917

We want to make this sign mean something to you. Goodyear Service is a real definite, tangible thing. In order to demonstrate this service to the car owners of Santa Ana we have arranged to have an expert tire representative of the Goodyear Tire & Rubber Co. at our shop all day Saturday, April 21. Come in and get his advice. Let us help you get all the miles out of your tires.

LABOR SHORTAGE IN BEET FIELDS OVER

WINTERSBURG, April 20.—Mr. and Mrs. W. F. Slater drove to the San Fernando Valley Tuesday to look after their beet crop. They have ten acres thinned, and a promise of sixteen men to go to work on the remainder as soon as they are ready. So the fear of no help is practically over. On their way to Los Angeles the Slatters met a load of workmen who inquired the way to the McClintock ranch, and they said several loads were on the way—all white men. Thursday morning twelve Mexican laborers began thinning for G. M. Robertson, eight for A. H. Moore, and the other farmers seem to be well supplied. Six dollars is about the usual price, although one man has paid eight dollars an acre for getting the work done on a 100 acre piece.

Church Notices
METHODIST: Sunday school, 10 a. m.; preaching, 11 a. m.; Epworth League, 7 p. m., subject, "Courtesy as a Christian Grace;" leader, Mrs. Arthur Keefoot; preaching, 8 p. m.; prayer meeting Thursday evening at 7:30.

PRESBYTERIAN: Sunday school, 10 a. m.; preaching, 11 a. m.; Christian Endeavor, 6:45 p. m.; subject, "How Lying Undermines Character." (Lev. 19:11-12; Prov. 6:16-19.) Leader, Dr. Reed. Preaching, 7:30 p. m.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. Adv.
